SECOND EDITION.

Four O'Clock.

NEW YORK.

Walworth Found Guilty of Murder in the Second Degree.

MEETING OF LAKE SHORE R. R. DIRECTORS.

NEW YORK, July 2, 1873.

The Walworth Murder Trial.

At the Walworth trial to-day a large crowd was present. District Attorney Phelps, in his argument for the prosecution, controverted the claims of the defence that the prisoner was affected by either epilepsy or insanity.

District Attorney Phelps concluded his argument for the prosecution. Mr. O'Conor, for the defense, then made several requests to the Judge to charge the jury, including one that he charge that the facts as proven do not show a deliberate purpose to murder; that if the accused believed the deceased to be desperate, it militates against the theory of murder in the first degree, and if the act was the result of terror, it was not murder in the second degree; that as four shots were fired, the prisoner was only conscious of firing three, and as no proof is given which of the four was fatal, the jury must acquit. If he was in a state of epileptic insanity, he was not responsible, and if he was in a state of terror, which overcame him, the jury must acquit.

Without delivering the charge, the Court took a recess.

After the recess Judge Davis delivered his charge to the jury, first calling attention to the new law under which the trial has taken place, and which makes it necessary that a "deliberate purpose and premeditation" should exist before a verdict of murder in the first degree could be given.

Judge Davis said if the jury were satisfied, from the evidence, that young Walworth came to New York with the intent to murder his father, then the crime was murder in the first degree; but if the crime was committed in a sudden manner, in an instant, then it would be murder in the second degree.

Judge Davis, continuing, said that the defense interposed was two-fold: that the prisoner was insane at the time of the act, and, secondly, that the act was done in self-defense. The second he proceeded to consider first, and warned the jury that there were no such crimes known to the law as parricide, or matricide, or fratricide, however well the names might be used in common conversation, nor was this Court to take into consideration the laws of ancient Greece or Rome, or China, where special laws were enacted for the punishment of those who killed their parents. In the eyes of the law this crime was no greater than the killing of a stranger. Therefore the same rules were to be adopted as in a trial for the killing of a person other than his father, and the prisoner is entitled to the same consideration. In regard to the question of justification, his Honor charged, however, that the jury should not regard the fears which the prisoner entertained for the life of his mother, as they could not be regarded as any justification of his crime, and that they should only regard those fears which were personal. The law did not make it justification when the killing was done through fear that the life of another was in danger. They could, however, consider whether the fear that his mother's life was in danger did not give point to the fear which he entertained for his own life at the meeting on the morning of the 3d of June.

The jury retired about 3 o'clock, and at 8:30 brought in a verdict of "murder in the second degree."

Meeting of Lake Shore Railroad Directors.

At a meeting of the Lake Shore Directors, to-day, W. B. Bishop resigned as director. Commodore Vanderbilt was appointed director, to fill the vacancy caused by the death of Horace F. Clark, and William H. Vanderbilt, in place of Bishop. Cornelius Vanderbilt, W. H. Vanderbilt, Augustus Schell and Jas. H. Banker compose the Executive Committee. Cornelius Vanderbilt was chosen President.

Meeting of Italians.

A meeting of Italians was held last evening to protest against the traffic in Italian children. The meeting in point of attendance was a failure. Resolutions denouncing the traffic were adopted. Ex-Governor Solomon, of Wisconsin, was the principal speaker.

Suicide.

August Nadien and Edward Buckler, of Newark, were seen drinking freely yesterday, and in the evening were found in Waverley Fair Grounds insensible, with a laudanum bottle beside them. Nadien has died.

Wife Murderer Sentenced.

Frank Gilles plead guilty of murder in the second degree for killing his wife a few weeks ago, and was sentenced to imprisonment for life with hard labor.

Fire in Belleville.

The business portion of Belleville, Jefferson county, was burned this morning. Loss thirty thousand dollars.

A Brutal Son.

Thomas Feeney was arrested for fatally beating his mother in Brooklyn last night.

Specie Shipments.

The shipments of specie amounted to one hundred and fifty thousand dollars in silver bars.

THE INDIANS.

Kiowas and Cheyennes Returning to their Reservations.

ST. LOUIS, July 2.—A gentleman just arrived from Fort Sill, Indian Territory, says the Kiowa and Cheyenne Indians who recently left their reservation are returning. They had been out to have their annual medicine dance. One hundred squaws, captured by Col. McKenzie from the Comanches, who were off their reservation, and who were imprisoned at Fort Concho, Texas, were returned to their tribe three weeks ago.

Lipans and Mescalaras Anxious for a "Talk."

WASHINGTON, July 2.—A telegram to the Commissioner of Indian Affairs from the special Indian Commission at Fort Duncan, Texas, June 28, says: We returned here last night and have received information that the Lipans and the Mescalaras, numbering about 2,000 souls, are at Saragosa, desiring to meet us, and we understand there is a probability of their going with us on a reservation. The Commissioners also desire to know where to take these Indians and such Kickapoos as will consent to go with them, and have been instructed by the Indian Bureau to take these Kickapoos to their captive people at Fort Gibson, and the other Indians, the Lipans and Mescalaras, to their reservation in New Mexico.

BARNUM AHEAD.

Fresh Attractions Secured for His Exhibition.

Special Dispatch to the Pittsburgh Gazette.

BRIDGEPORT, CONN., July 2, 1873.

To the Editors of the Pittsburgh Gazette:

I have just secured an important addition to my stock of animals, by the importation of four living Giraffes and Cameleopards. I have been looking for these for some time, and have only succeeded in getting them, at great expense. They are the only animals of the kind in America.

I have also received, among other fresh attractions, some double humped Camels, Dromedaries, and several Ostriches. These additions have entailed an expense of *ninety-two thousand dollars*, but I am determined to keep my show far ahead of anything of the kind ever attempted, and will spare no expense.

I start immediately for Pittsburgh with the animals, which I will there put in my World's Fair and exhibit for the first time.

P. T. BARNUM.

CHOLERA.

Kentucky.

CAIRO, ILL., July 2.—Four men, belonging to a force at work on the Mississippi Central Railroad extension, in Kentucky, six miles below Cairo, died last night from cholera, and several others are reported dangerously ill with the same disease. It is thought these cases were brought on from drinking impure water. There is no cholera in the city as yet.

OBITUARY.

Hon. Joseph G. Wilson.

CINCINNATI, July 2.—The *Chronicle* has received a dispatch from Marietta, which states that Hon. Joseph G. Wilson, member of Congress from Oregon, died of paralysis in that city this morning.

Interest on Louisiana Coupon Bonds.

WASHINGTON, July 2.—Attorney General Williams this morning received the following dispatch from Governor Kellogg:

NEW ORLEANS, July 1.—We have this day [illegible] that all past and due coupons of the State for March, April, May and June will be paid on and after the 10th inst., here and in New York. The amount of this payment exceeds $325,000. I have ascertained that a large amount of coupons due before the 1st of June were not paid, and I have paid them. This makes over $300,000 interest due by the late administration, which we have paid.

Marine News.

QUEENSTOWN, July 2.—The steamship Batavia, from New York, has arrived.

NEW YORK, July 2.—The steamship Cuba, from Liverpool, has arrived.

—R. M. Pratt, of Montpelier, Vt., has been appointed special agent for the Chippewas of Red River, Minn.

FOREIGN.

Alarm in Madrid.

MORE RECRUITS FOR BRIGHAM YOUNG.

Proceedings in the French Assembly.

FRANCE.

Assembly Proceedings.

VERSAILLES, July 2.—In the Assembly this afternoon Defaure's motion to proceed to the consideration of Ex-President Thiers' constitutional bills was rejected.

Jules Leurent, of the Right Centre, then moved that the appointment of a special committee on the constitutional bills be postponed one month after the next recess.

After an animated discussion, in which Gambetta took part, the motion was adopted. Gambetta protested against any attempt of the Assembly to manufacture a Constitution without first declaring for whom and for what kind of a Government it was intended.

Postal Convention with the United States.

The *Messager de Paris* is informed that negotiations for a postal convention are soon to be resumed with the United States.

GREAT BRITAIN.

Several Persons Killed at a Fire.

LONDON, July 2.—Several persons were killed in Kensal Green this morning by the falling of the walls of a burning building.

The Bank of England Forgers Committed for Trial.

LONDON, July 2.—The Bank of England forgery case came up again to-day for a final hearing. The examination was concluded and the defendants fully committed for trial.

Mormons for America.

The steamship Wisconsin takes out seven hundred and fifty Mormon emigrants for America.

HOLLAND.

The War with Acheen.

THE HAGUE, July 2.—In the States General, to day, the Colonial Minister announced that all the supplies requisite for the equipment of the second expedition against Acheen had been furnished. He added that no negotiations with the Sultan of Acheen were pending, as had been reported in public prints, but it was not improbable they should be opened through the intermediate offices of a friendly Rajah. The Government of Holland was willing to conclude an honorable peace, but the reported conditions of settlement were wholly inadmissible.

SPAIN.

Alarm in Madrid.

LONDON, July 2.—A special from Madrid says there is great alarm in that city in consequence of the menacing attitude of the Irreconcilables, who are known to be intriguing for the overthrow of the present Government. Troops are concentrated at strategic points and every precaution taken to promptly suppress any outbreak.

CANADA.

The Cabinet.

OTTAWA, July 2.—The following arrangement of places in the Cabinet has been effected: Alexander Campbell, Minister of the Interior; John O'Connor, Postmaster General; T. N. Gibbs, Minister of Inland Revenue; and Hugh MacDonald, Minister of Militia.

THE CAPITAL.

The Injunction Against the U. P. R. R.

WASHINGTON, July 2, 1873.

Condition of the Postal Card Contract.

The following is an official statement of the condition of the postal card contract to June 30: Requisitions on the contractor to furnish 33,645,000 cards; order suspended at the Department 2,484,000; total number ordered by Postmasters to date, 43,129,000; number issued to June 30 inclusive, 29,480,000.

The Injunction Against the U. P. R. R.

The injunction granted by Associate Judge Hunt, of the Supreme Court, against the Union Pacific Railroad, is printed to-day. It restrains the officers of the Company from making use of its resources, receipts or credits, which shall disable them from paying the interest as it shall mature upon all classes of its securities. And also restraining from payment the principal or interest on any securities distributed to, through or by the Credit Mobilier of America.

A. J. Perry, one of the counsel for the Government in the Credit Mobilier suit, arrived here this morning, on his way to Cincinnati. He had a long conference with Attorney General Williams in relation to the suit, which he reports as proceeding very favorably.

Telegrams have been received at the Attorney General's office assuming that the interest on the first mortgage bonds of the Union Pacific Railroad Company which are held in Europe could not be paid on the 1st of July on account of the suit against the company, but if it is not paid, it will be the fault of the company, and not on account of any interference by the Government. It may become necessary, if there is willful neglect or refusal by the company to pay this interest, to take steps to have a Receiver appointed to take charge of the road.

Pictures of Secretaries of War.

The Secretary of War, in his intention of securing for the Department pictures of previous Secretaries of War, has already caused to be placed conspicuously in the Secretary's office and in the ante-room, the portraits of ex-Secretaries Knox, Dexter, Dearborn, Eustice, Pickering, Scott, Calhoun, Poinsett, Holt, Cameron, Stanton and Rawlins. Others are now being painted for the Department. The Secretary is desirous to procure original portraits, if possible, from which copies will be made, of ex Secretary McHenry of Washington's administration, Griswold of Adams', W. H. Crawford of Madison's, George Graham of Monroe's, John Bell of Harrison's, and George W. Crawford of Taylor's.

Stamps and Stamped Envelopes Furnished to Departments.

The following is an official statement of postage stamps and stamped envelopes supplied by the Post Office Department up to and including June 30, 1873: To the President, 150; State Department, 20,749; Treasury Department, 200,000; War Department, 17,449; Navy Department, 8,509; Interior Department, 50,261; Department of Justice, 3,750; Department of Agriculture, 6,530; Postoffice Department, 53,310; Postmasters, 134,266; total, 494,924. In addition to this, stamped envelopes amounting to 10,315 were issued to the War Department and 132,815 to postmasters.

Card from the Mayor's Clerk.

The following communication has been handed to us for publication by James S. Patterson, Mayor's Clerk. It speaks for itself:

OFFICE OF THE MAYOR OF THE CITY OF PITTSBURGH, PITTSBURGH, PA., July 2, 1873.

To the Citizens of Pittsburgh:

The Pittsburgh *Evening Telegraph* has in a series of articles seen proper to publish the most shameful and barefaced falsehoods bearing on my reputation for honesty, and inasmuch as they contemplate further publications of a like character, I have concluded through the advice of my friends to "bide my time." I have resided in Pittsburgh all my life and at the proper time will give the *Telegraph* an opportunity to make good their charges or suffer the consequences.

JAMES S. PATTERSON, Mayor's Clerk.

The Park Concert.

The following is the programme for the concert in the Allegheny Parks this evening. Should the weather prove unfavorable the concert will be postponed until Saturday evening.

PROGRAMME.

1. Grand Quickstep....Sarro.
2. Overture....by Faust.
3. Medley—Come Where My Love Lies Dreaming....Foster.
4. Bruder Sustig—Gallop....Henreich.
5. Waltz....Strek.
6. Captain Shepherd's Quickstep....Graffula.
7. Potpourri, from Bellesario....Bellini.
8. Anvil Polka....Parlow.
9. National Potpourri....Ringlaben.
10. Her Bright Smile Haunts Me Still..Arbogast.

The music will be given by the Great Western Brass Band, and will last from seven until nine o'clock.

Workingman's Road to Wealth.

The only road to wealth for the workingman is that along which others have accumulated riches by laying by weekly a fixed sum from his weekly earnings. This can be done now to great advantage at some of our savings institutions, such as the Workingman's Mutual Savings Bank at No. 44 Smithfield street. Sums of money from one dollar upwards may be deposited at this bank, and the depositor will receive the highest rate of interest. The Bank is managed on the mutual plan by which each depositor shares in the profits, and has double advantage. It is based on the soundest business principles, is managed by some of the leading business men of the community, and is in every way a reliable institution. Workingmen who are anxious to make the best out of their money should go to the Bank, 44 Smithfield street, and see what they can gain by making a little effort to save money.

Summer Silks.

Extraordinary bargains at Hugus & Hacke's great closing out sale, Fifth Ave. and Market St.

Private families, wishing to have Ice Cream for the Fourth will please leave their orders as soon as possible at KINDER BLAIR'S, 62 Fifth avenue.

Dr. Harris' Cramp Cure gives immediate relief in all cases of cholera cramps, &c.

STREET AND SURVEY.

Meeting of Committees—A Large Amount of Business Transacted—Ordinances Ordered to be Drawn for Various Improvements—Grading and Paving Streets—Reports From Sub-Committees.

A regular meeting of the street committee was held last night in the common council chamber.

Mr. Fulton moved that an ordinance be drawn up, increasing the salary of the Assistant Engineer from $1,500 to $2,500. Mr. Rafferty amended by making the salary $2,00 and the motion as amended was carried.

The sub-committee appointed to consider the claim of Felix Rodgers for extra compensation in the construction of a sewer on Cherry alley, recommended that Councils be requested to allow the contractor the sum of $600. The committee reported that the contractor had no legal claim but in consideration of the fact that he lost money in doing the work it was only deemed the square thing to allow him extra compensation. The report was received and filed.

The sub-committee appointed to consider the advisability of grading and paving the streets that extend from Penn avenue to the Allegheny river, between Twelfth and Thirty-ninth streets, reported in favor of grading twenty of the streets to low water mark. The report was received and filed, and ordinances ordered to be drawn up for the improvements recommended.

The report of the sub-committee on the change of grade of Forty second street was to the effect that they could not come to any conclusion, and a recommendation that the entire Street Committee meet there in a body was adopted.

The Street Commissioner was ordered to repair the stone wall in the Thirty-sixth ward; also, to make good the damage done to certain property.

The sub-committee, to which was referred the matter of permitting Messrs. Gray & Bell to extend a coal railway through the Thirty-fourth, Thirty fifth and Thirty-sixth wards until the 1st of January, by which time the tunnel under the will be completed, recommended that the privilege be granted and the extension of the railway allowed, provided it does not interfere with the improvement of Carson street. An ordinance to that effect was ordered to be drawn up.

The sub-committee appointed on the opening of Twenty-third street, reported that they could not agree, and on motion the committee was discharged, and a new committee consisting of Messrs. Elder, Ahl and Adams was appointed.

The opinion of the City Solicitor in relation to the claim of John Boyd, for damages sustained in the destruction of a wagon and the killing of a horse by falling over a declivity on Fountain street, was to the effect that the question could only be settled in the Courts, as the liability of the city in the matter was decidedly doubtful. The opinion was received, and a sub committee appointed to consider, investigate and report.

A petition for the re-paving of Decatur street was referred to the Board of Viewers.

Mr. Jeremy, rising to a question of privilege, asked that the matter of repairing Carson street be taken from the table and referred to a sub-committee. The request was granted, and Messrs. Jeremy, Boyle and McKee appointed.

A resolution offered by Mr. Pearson that the Commissioner of the First District be instructed to put the sewer drops near the Diamond Market House in such a condition as to prevent offal, garbage, &c., from being emptied into them was adopted.

A resolution providing for the appointment of a sub-committee to inquire into the practicability of establishing a wharf in the Fifteenth and Twelfth wards was also carried.

An ordinance was ordered to be drawn up for the paving of Smallman street, from Twenty-second to Twenty-third street.

A petition to place Neville avenue, on Mount Washington, in a passable condition, was referred to a sub-committee.

An ordinance was ordered to be drawn up for the grading of Railroad street, from Twenty-second to Twenty-third streets.

A resolution was passed instructing the City Engineer to advertise for sewer brick.

A communication from Hussey, Wells & Co., requesting permission to erect a line of shafting across Mulberry alley, was referred to a sub-committee.

A committee was appointed to inquire into the matter of the communication of Chas. Gearing, who represents that he is erecting a building with apparatus necessary for the manufacture of petroleum gas, and asks permission to lay pipe along the streets of the South Side for the purpose of supplying cusumers with gas.

In the matter of the grading and paving of Forty second street, the contract for which was awarded but never signed, the city Solicitor was instructed to proceed against the contractor, and the City Engineer to advertise the re-letting of Spring alley, &c.

An ordinance was ordered for the grading and paving of Forty-seventh street from Centre avenue to Butler street.

Permission was granted to J. McC. Creighton to repair the street between the railroad track at the corner of Liberty street and Sixth avenue.

A resolution offered by Mr. Watson, that Penn avenue be repaired on both sides from the outer rail of the Citizens' Passenger Railway to the curb, leaving a strait gutter five inches deep, from Sixth to Thirty-first streets, was referred to a sub committee, consisting of Messrs. Pearson, Fulton, Herron, Jeremy and Elder.

A resolution was adopted instructing the Street Commissioner to repair the crossing on the north side of Smithfield street at Seventh avenue.

The City Engineer reported adversely to the claim of Mr. Rourke for extra compensation for the paving of Overhill street.

On motion, Mr. Rourke appeared before the Committee and made a personal explanation in regard to the matter.

Mr. Semple offered a resolution that the viewers in connection with the City Engineer be instructed to allow the contractor for the grading of Overhill street at the rate of one dollar per yard for rock for the additional grading on account of the change of grade, and that the same be assessed on the property abutting.

On motion, the matter was referred to the City Attorney for examination.

The following pay rolls for the month of June were submitted and ordered to be paid.

First District	$2,631 11
Second District	2,504 23
Third District	1,674 75
Fifth District	1,673 53
Sixth District	1,205 73
Seventh District	1,607 10
	$10,696 45
Engineers pay roll	1,934 35
Contractors pay roll	19,081 82
Total	$31,712 62

On motion the committee adjourned until next Monday evening.

SURVEY COMMITTEE.

A meeting of the Survey Committee was also held yesterday afternoon. The first business taken up was the plan of High street, in the Thirty-second ward. Property owners in that locality were present, but their statements in regard to which should be the line were very conflicting. After considerable discussion the Engineer was instructed to survey and report a plan, of what he deems the best route for the street, following as near as possible the contour of the hill.

A sub-committee was appointed in regard to inquiring into and reporting the advisability of a resurvey of Thirty-third street, between Ridge and Harrison streets. It was intended to reduce the width of Spring street to 45 feet.

The City Engineer was instructed to report a grade for Railroad street, Thirty-second ward.

A petition for the re-location of a street between the properties of John K. Holmes and Carl Keer was received.

The Engineer was directed to report grades for Morton avenue, Railroad avenue, and Dilworth, Wade and Owen streets.

A sub-committee was appointed to locate Oak street in the Eighteenth ward.

The profile grade of the east end of Thirty-third street as reported was adopted.

A survey was ordered of Gray's road and Washington avenue, in the Thirty-second ward.

A petition for the location of a street in the Nineteenth ward, from Butler street to the pumping house of the new water works was referred to a sub-committee.

The locating of a portion of River avenue from Spring street to its junction with Butler street extension in Twenty-first ward, was also referred to a sub-committee.

On motion adjourned.

All for Liberty.

About three o'clock yesterday morning as officer Sawyer was patrolling his beat on Beaver avenue he spied a man in the back yard of a grocery store corner of Adam's street, attempting to enter the premises. When the officer approached the man ran away, and a lively chase ensued. The officer finally cornering his man knew the view, but he escaped by jumping in the river and running away.

Run Over by a Run-away Team.

James Donnelly in attempting to stop a runaway team attached to a dairy wagon on Arch street, Allegheny, yesterday, by running in front of them was knocked down, the wheels of the vehicle passing over his stomach, injuring him very seriously. He was picked up and taken to his home.

We yesterday dropped into the marble ware-rooms of W. W. Wallace, on Liberty street, Nos. 319 & 321, a place where often before we have admired specimens of fine work for cemetery adornment. On this occasion we found in an upper room a great variety of finished marble and also marbelized marble mantel pieces. The display embraces a variety of beautiful designs, equal in style and finish to any we had ever seen in the East. While all were creditable to the trade and skill of the artizans employed by Mr Wallace, there was one that deserves special notice. It is of the purest American statuary marble, which is not surpassed by any specimen of Italian we ever saw. The design and tracery are unique; it has *alto* and *basso* reliefs of Adirondac mottled marble, a new and beautiful variety recently introduced by Mr. Wallace. We commend this superb mantel as fit to adorn the drawing room of any of our wealthy gentlemen of taste in such matters. They may look elsewhere at home or abroad in vain, to find anything so chaste and elegant as this. It is well worth going to see.

For the benefit of persons who cannot leave their work or business except on holidays, Mr. Dabbs, of 46 and 48 Sixth street, will keep open his Photographic Rooms on Friday, the Fourth of July. Mr. Dabb's prices are reasonable, and people going to him can be sure of a good picture.

Mr. Blair makes a specialty of fine candies of all kinds.

THE COURTS.

Yesterday's Proceedings.

CRIMINAL COURT.

[Before Judge Collier.]

In the case of Samuel Arbuthnot, Sr., Samuel Arbuthnot, Jr., and Christian Arbuthnot, indicted for maliciously destroying land-marks, a verdict of not guilty was rendered, each party being directed to pay one half the costs.

W. P. Pheelen was tried for assault and battery on James Kerr, and a verdict of not guilty rendered, the costs being divided.

Eli Wycoff was tried for false pretenses, on oath of D. Collins, who charged him with obtaining a lot of hay by falsely representing that he had sold some property at Mansfield. The jury returned a verdict of guilty.

In the case of the Commonwealth vs. John and Anna Younker, charged with assault and battery in striking Peter Schlegel on the head with a tobacco cutter, the jury found a verdict of not guilty, and ordered that the costs be divided.

Trial List for To-day.

Commonwealth vs.

James S. Kelding,	John Wiley,
Wm. Bonshire et al.,	Benj. Scott,
Isaac Richey,	Nicholas Snider,
William Sarver,	Jacob Eicher,
Wm. Robinson,	John S. Herman,
Husker Teamer,	Mary King,
Joseph Wasweiler,	Paul Stupf, (4 cases.)
Peter Schlegel,	John Latterly,
Christ Crudery,	Wm. Michaels

U. S. DISTRICT COURT.

[Before Judge McCandless.]

Albert Stehle, of this city, debtor, filed an answer to the petition in bankruptcy of Messrs. Weiler & Ellis, creditors, and demanded a trial by jury, which was granted, and fixed for next October term, at Pittsburgh.

The assignee's report of the sale of certain real estate of John Holgate, of Luzerne county, bankrupt, was presented and confirmed.

The choice by the creditors of Charles Seeley, of Tioga county, bankrupt, of Augustus Streeter, of Westfield, as assignee, was approved.

J. M. Gamble, Esq., having resigned his trust as assignee of A. T. McCatty, of Lycoming county, bankrupt, O. H. Reighard, Esq., was appointed in his stead.

A restraining order was issued against certain execution creditors of M. V.-B. Mercer, of this city, bankrupt.

The report of the assignee of S. W. Paine, of Luzerne county, bankrupt, under order for the sale of real estate, presented and confirmed, and assignee directed to make deed for the same to the purchasers.

In the bankruptcy matter of W. Seward B Hays, of Allegheny city, creditor, against D. A. and J. S. McDonald, debtors, an order was granted restraing certain execution creditors until a hearing on motion for injunctions, which is fixed for the 12th inst.

W. S. Colwell, of this city, debtor, filed an answer to the petition in bankruptcy of Mansfield & Co., creditors, denying the acts therein and demanding a jury trial, and the same granted at next October term. The restraining order issued some time since in this case against the Enterprise Savings Bank was referred to Register Harper for examination and report.

The appointment of John W. Guernsey as assignee of Robert E. Knapp, of Tioga county, bankrupt, presented and approved.

In the case of the United States against the ship "Ben Franklin," seized at Erie, on motion Henry Rawl, Charles Hall and T. Noble were appointed to appraise the cargo of the said ship.

Amusements.

PITTSBURGH OPERA HOUSE.—Last evening Duprez & Benedict's minstrels were greeted with another full house. Their performances are excellent and chaste, and deserve the patronage they are receiving in every sense of the word. They give an extra matinee on the 4th. A good bill for this evening.

HOWE'S CIRCUS.—To-day on the lot at the foot of Robinson street, opposite Smoky Island, Howe's European and Sanger's English Menagerie, open their entertainment. Their show will stay but three days. To-day they give a grand display and two grand performances. To-morrow three grand performances will be given, morning, afternoon and evening.

Fashionable and Good.

Such is the style and quality of clothing kept in store and for sale by Messrs. Urling, Follansbee & Co., corner of Wood street and Fifth avenue. They do not keep a shoddy article and impose it on their customers at the price of a good article, but keep the very best quality of made up clothing, and sell the same at very reasonable prices. The beauty of this establishment is the one-price system, and in addition, their clothing being made of the best material, and in the most fashionable manner, renders this a desirable place to purchase. The styles at this house are always of the newest, and the fabrics selected from the best in the market. Those who desire to have the most stylish articles at the most reasonable rates cannot afford to pass the establishment of Urling and Follansbee, corner of Wood street and Fifth avenue.

July Coupons and Dividends.

Of the very large amount to be disbursed on the 1st of July, by the Government and corporations, for interest and dividends, (about $125,000,000,) a considerable portion will seek re-investment in good securities. United States bonds bear so high a price as to be undesirable to most investors. Trustworthy railroad bonds come next on the list, and into these much of the July disbursements will doubtless be converted. In this connection attention is specially called to the remainder of the 7-30 Loan of the Northern Pacific Railroad Company, referred to elsewhere.

To Prevent Cholera.

The men at one of our largest rolling mills have adopted the plan of putting a bottle of DR. HARRIS' CRAMP CURE in a bucket of water, and taking a cup full three or four times daily. They find it a sure prevention of diseases incident to the warm weather.

The plan might with advantage be adopted at other similar establishments.

At the mill referred to we are told that not a single case of cholera morbus, diarrhœa or Dysentery occured during last summer.

Tobacco and Cigars.

400,000 fine seed Havana and Connecticut seed cigars; 20,000 pounds of best brands of Louisville and Virginia tobaccos; 5,000 pounds of smoking tobaccos of various brands; 100 pails of fine cut chewing. Also large lot of pipes. Dealers are respectfully invited to call and examine the above stock, whether in need of goods or not. As I am desirous of closing out the entire stock in a short time, I will sell the goods at reduced prices—salesroom No. 104 Fourth avenue. DAVID MOSS.

A Good Bank.

Of the sound and substantial monied institutions of our city, there is none that has a better reputation for safety and reliability than the Pittsburgh Savings Bank, located at 188 Liberty street. With a full corps of *bona fide* business men to manage its financial affairs, it has attained a front rank among the monetary institutions of our city.

Mr Dabbs, of 46 and 48 Sixth street, will keep open his Photographic Rooms on Friday, the Fourth of July, for the benefit of those who find it inconvenient to leave their business on other days.

Great Closing Out Sale at HUGUS & HACKE'S, 5th Ave. and Market St.

Oranges, Lemons, Bananas, Pine Apples and nuts of all kinds, At BLAIR'S, 62 Fifth avenue.

ADVERTISEMENTS on this page under the several heads of "WANTED," "FOR SALE," "TO LET," &c., will be inserted at transient rates only, TEN CENTS PER LINE for each insertion. No advertisement inserted for less than FIFTY CENTS.

FOR SALE.

BOARD OF HEALTH, ALLEGHENY CITY, JUNE 26th, 1873.

NOTICE.—

At a meeting of the Board of Health of Allegheny City, held June 25th, 1873, the Health Officer was instructed to rigidly enforce all laws and ordinances in relation to the sanitary regulations of the city. In pursuance of said instructions, the citizens are hereby notified to have their cellars, yards and entire premises cleaned of all filth, and all garbage removed forthwith, and their premises kept in as clean a manner as possible.

The attention of Physicians is called to the following provisions in the late act creating a Board of Health in this city:

"SECTION 17.—Every practicing Physician, who shall have a patient under any malignant, pestilential or infectious disease, shall forthwith make report thereof to the Board, describing the street, number and locality of the house or place where said patient may be, and such other reasonable matters of information as the Board may require; and for neglecting so to do he shall be liable to a fine of $50 for each and every offence."

The above law will be enforced. By order of the BOARD OF HEALTH.

C. HOCH, HEALTH OFFICER. je27:27q

NOTICE IS HEREBY GIVEN THAT the Directors of the Sixth Ward Public Schools of the City of Allegheny, intend to make application to the Court of Common of Allegheny County, on Saturday, the 12th day of July, A. D. 1873, for power to borrow Twenty Thousand ($20,000) Dollars, for the purpose of erecting and completing the school house and buildings in the Sixth ward for use of its Public Schools, and for authority to issue therefor Bonds or other Securities bearing Eight (8) per cent. interest per annum, payable semi-annually, free from all taxation, and redeemable within twenty years from the date of such decree.

DIRECTORS. WM. F. TRIMBLE, President, WM. BLOHELEY, Secretary, JOSEPH KIRKPATRICK, JOHN B. HAMBERS, D. W. RIGGS, JOHN C. HARPER.

JUNE 18, 1873. ju19:p80-TH

ALLEGHENY HOMESTEAD BANK. The association of citizens now doing business in the City of Allegheny under the name of the Allegheny Homestead Bank, will make application to the next General Assembly of the Commonwealth of Pennsylvania, for their creation as a body, politic and corporate, under the aforesaid name, with banking and discounting privileges, and with a capital stock of $100,000, with privilege of increasing the same to $200,000, divided into shares of $50 each, and located in the city of Allegheny for the object and purpose of carrying on the general business of a discount, deposit, and savings bank, and the loaning of money on bonds, mortgage, and other securities.

NEW ADVERTISEMENTS.

AN ORDINANCE—To authorize the grading and paving of certain streets, lanes and alleys in the borough of Sharpsburg.

SECTION 1. Be it ordained and enacted by the Burgess and Town Council of the borough, and it is hereby ordained and enacted by the authority of the same, that Spring street, from North Canal street to High street, and Walnut street, from Main street to High street, and Church alley, from Main street to High street, and Trinity street, from Main street to High street, and Vine street, from Main to High street, and Elm street, from Main street to High street, and Garner's alley, from Main street to Penn street, and Powers alley, from Main street to Penn street, and Clay street, from North Canal street to the west line of the borough, and Penn street, from Spring street to the west line of the borough, and Stevens street, from Main street to the West Pa. Railroad, and Liberty street, from the Allegheny river to Main street. All of the above named streets, lanes and alleys to be graded, paved, curbed and bricked sidewalk.

SEC. 2. That as soon as the cost and expense of said improvements are fully ascertained, it shall be the duty of the Street Commissioner to assess and apportion the same among the several lots bounding and abutting on said streets, lanes and alleys, in said borough, respectively, according to the rule above indicated, and then to proceed and make demand, and collect the same according to the provisions of the act of the General Assembly of the Commonwealth of Pennsylvania entitled "An act defining the manner of collecting the expenses of grading and paving said streets and alleys of the city of Allegheny, and for other purposes," passed the 30th day of March, 1852, and now extended to the borough of Sharpsburg by an act of Assembly, approved the 11th day of March, A. D. 1870.

SEC. 3. That so much of any ordinance as may conflict with, or be supplied by the foregoing, be, and the same is hereby repealed.

Ordained and enacted into a law this 1st day of July, A. D. 1873.

THOS. M. GIBSON, Burgess.

Attest: J. G. COMSTOCK, Secretary. jy3

[No. 122.]

AN ORDINANCE—Authorizing the construction of a Sewer on Wylie avenue, from Green street to Erin street.

SECTION 1. Be it ordained and enacted by the city of Pittsburgh, in Select and Common Councils assembled, and it is hereby ordained and enacted by the authority of the same, That the City Engineer be, and is hereby authorized and directed to advertise for Proposals for the construction of a Pipe Sewer, twenty (20) inches in diameter, on Wylie avenue, from Green street to connect with a Sewer on Erin street, and to let the same in the manner directed by an act concerning streets, approved January 6th, 1864, and the several supplements thereto, and Ordinances of Councils relative to the same. The cost and expense of the same to be assessed and collected in accordance with the provisions of an act of Assembly, entitled "An Act concerning Streets and Sewers in the City of Pittsburgh," approved January 6, 1864, and the several supplements thereto.

SEC. 2. That any ordinance or part of Ordinance, conflicting with the passage of this Ordinance at the present time, be and the same is hereby repealed, so far as the same affects this Ordinance.

Ordained and enacted into a law in Councils this 9th day of June, A. D. 1873.

A. H. GROSS, President of Select Council.
Attest: E. S. MORROW, Clerk of Select Council.

UNION PARK, ALLEGHENY CITY,

JULY 7, 8, 9 AND 10.

A BRAN NEW SHOW.

THREE TIMES LARGER THAN EVER

The Great Amusement Miracle of the Nineteenth Century.

P. T. BARNUM'S

Great Traveling World's Fair

Its magnitude no man who has not seen it can comprehend, for there was absolutely

Nothing Like it Ever Known on Earth!!

It is absolutely large enough to entirely swallow up half a dozen of the so called largest shows advertised in this country. The entire vast Exposition will exhibit in

UNION PARK, ALLEGHENY CITY,

Monday, Tuesday, Wednesday, Thursday, July 7, 8, 9 and 10,

Giving 2 entertainments Monday, the first day, Afternoon and Evening, and 3 grand, full and complete performances of the entire TWENTY GREAT SHOWS each subsequent day, Morning, Afternoon and Evening. Doors open at 10 A. M. and 1 and 6½ P. M.

One single ticket, 50 cents, admits to all. Children under nine years of age, 25 cents. Reserved Amphitheatre Seats, 75 cents.

In order to accommodate the 200,000 persons who will probably visit this Exhibition during its four days' sojourn in Pittsburgh, A GRAND WOODEN BUILDING, similar to the ancient ROMAN AMPHITHEATRE, will be erected in Union Park, at a cost of $5,000, contiguous to the Colossal Hippodrome Pavilion, with choice reserved seats overlooking the entire audience, giving full view of the separate Circus and spectacular Rings, with a joint seating capacity for 16,000 people. The entire series of exhibitions are briefly summed up in the following startling but bona fide announcement:

100,000 Living, Historical and Representative Curiosities.
1,500 Animals, Birds, Reptiles and Marine Monsters.
100 Magnificent Cages, Dens and Vans.
12 Gorgeous Statuary Chariots.
5 Trains of Railroad Cars required to Transport P. T. Barnum's Moving World's Fair.
Daily Expenses Exceed the Gross Receipts of Half a Dozen other Shows.
3 Great Circus Troupes.
3 separate and distinct Circus Rings, all in full performance at the same time.
Living Sea Lions and Marine Monsters.
Prof. Faber's $20,000 Talking Machine.
Wild Fiji Cannibals.
Horse Riding Goats.
Admiral Dot, famous Californian Dwarf, 16 years old, 25 inches high, weighs 15 lbs.
4 Asiatic and African Elephants.
4 Brass Bands and Chariot Organs.
Procession nearly 3 miles long.
20 Colossal Pavilions and the Great Ampitheatre Building, occupy 3 full acres.
Black Rhinoceros, large as an Elephant.
1,200 Men and Horses.
70 First-class Performers.
6 Famous Clowns, including the celebrated Lilliputian Grimaldi, Commodore Nutt, besides thousands of the most intensely interesting novel features well worth the whole price of admission to see, not mentioned at all in this advertisement.

In fact it will not require more than one glance at Mr. Barnum's New Amusement Enterprise to thoroughly satisfy the public as to the relative difference between an

ABSOLUTE GRAND, MAGNIFICENT, FIRST-CLASS EXHIBITION,

And an ordinary show. However, to stop cavil and close the mouths of boasting charlatans and traveling mountebanks, Mr. Barnum, however averse to step aside from his life-long policy, deems it necessary, in order to protect himself and the public, to offer a series of

$1,500,000 Challenges, Open to All the World,

That he exhibits daily more BEWILDERING ATTRACTIONS, STARTLING CURIOSITIES, UNIQUE and SENSATIONAL NOVELTIES, biological, animate and inanimate prodigies, and lusus naturæ, more Rare Living Wild Animals, Birds, Beasts, Reptiles, Crocodiles, Alligators, LIVING SEA LIONS, and other Marine Monsters, the greatest number of first class Artists, a more Gorgeous and Unique Combination of Equestrian and Hippodromatic Exposition than are contained in the combined attractions of any three shows in the United States.

The unanimous sentiment of the public press everywhere on the line of exhibition emphasize the fact that P. T. BARNUM'S

ENTIRELY NEW SHOW

Is Positively the Largest and most attractive Combination of Exhibitions (fully three times larger than that of last season), ever known on earth, and remains absolutely without a parallel in the history of the world.

The only exhibition in America recognized and indorsed by the religious press, and daily visited by eminent clergymen and divines.

FREE ADMISSION to the entire Great Show is guaranteed to all who buy the life of P. T. Barnum, written by himself, 900 pages, illustrated. Reduced from $3.50 to $1.50.

"Worth a $100 Greenback to a beginner."—Horace Greeley.

Will also exhibit in Corry, Pa., July 4; Titusville, July 5; Rochester, July 11; Youngstown, Ohio, July 12; and Cleveland July 14, 15 and 16.

The daily expenses of this establishment have become so great that the FREE LIST has been positively suspended except to Clergymen and the Members of the Press. jy1:—jy3,4,7,sd

KING, REED & CO.

THURSDAY, JULY 3, 1873.

BONDS at Frankfort 96⅞.

PETROLEUM at Antwerp 38¼.

GOLD closed in New York yesterday at 115⅞@116.

PRESIDENT CESPEDES, of the Cuban Republic, has resigned, and Salvador Cisnevas has been chosen in his stead.

THE Chicago *Evening Post* issued, a few days since, a 48 page paper,—all but four pages being devoted to a list of delinquent State and county taxes. It was a grand affair for the *Post*, but argues badly for the taxpayers of Chicago.

THE New York *Graphic* has set apart $10,000 to enable Professor Wise to make a test of the theory that he can make his way to Europe, in a balloon, in sixty hours. Should he arrive safe and sound, the details of the voyage are to be telegraphed to the *Graphic*. In the meantime others are trying to raise the means for a similar balloon voyage over the sea.

SIR SAMUEL BAKER, whose life was at one time thought to be in serious jeopardy, now reports from Khartoum that his expedition was entirely successful, and that in addition to having added considerably to the territorial possessions of Egypt, he has suppressed the slave trade. This last item will be welcome news to all who were familiar with the horrors of the Arabian slave trade.

THE New York *Times*, which has gained an enviable reputation for the service it rendered in breaking up the Tweed ring, and which deserves equal praise for its humanity, shown by inaugurating the children's excursion, for the benefit of poor children in New York, has just donned a new dress of type. It was a handsome paper before, but now is much improved in mechanical appearance, as well as in excellence.

ARE WE to have a revival of the old custom of duelling? The frequent instances of late, of the practice, serve to inspire the belief that the evil is growing, and that unless checked, it will again assume fearful proportions. Within a fortnight two duels have been fought,—one bloodless and the other resulting in the death of one of the parties. The custom is barbarous, and was excused years ago, only because of the unsettled state of society. There is now no possible excuse for the practice.

THE statements of the physicians as regards the cholera at the West vary. Cholerine,—a form of diarrhœa, sporadic cholera, and cholera morbus are the titles given, although we have later the opinion that it is the real Asiatic cholera, in a mild form. While it is not sufficiently fatal to be greatly feared, it is a warning to cleanliness. Dr. Dio Lewis mentions that when he was practicing in Buffalo, a clear line of demarcation existed, between those who were cleanly and those who were not, as regarded liability to the disease.

THE Ohio Constitutional Convention shows more interest and favor toward the demands of the women than did ours. It has adopted an amendment to the State Constitution, which provides that women may be eligible to all appointive offices. They may become school commissioners, superintendents, trustees and directors of charitable institutions, Government clerks, and fill other similar positions. The Convention has also appointed a special committee to consider the question of female suffrage, and a good deal of its time has been spent in the reception of petitions from all parts of the State, asking this extension of the franchise. The indications are that an amendment granting female suffrage will be submitted to a special popular vote.

THE FISHERY RIGHTS.

President Grant has issued his proclamation, stating that the necessary legislation, under the Washington Treaty, being completed, our fishermen are free to exercise their vocation in Canadian waters without hindrance. As the United States is supposed to gain certain advantages, through this treaty, a Commission is to convene in Halifax during the present month to determine how much shall be paid in view of our advantage. This will complete all negotiations on the subject.

Much interest has been felt on this question, and it has been the subject of several treaties between ours and the English Government. At the close of the revolution, the "right" to fish in Canadian waters was sturdily insisted on by our Commissioners, and conceded by the English; but with the war of 1812 this right was canceled. In 1818, however, it was agreed that American citizens should have the right to fish on the southern coasts of Newfoundland and Labrador, and thence northward, and in a few other specified localities; and in return for this concession our Government renounced for its citizens the right to fish within three miles of the British shore excepting in the designated places. This arrangement gave satisfaction only for a while, for the Canadians interpreted the treaty to mean that the three miles were to be measured from headland to headland, while the Americans, who would thus have been excluded from the finest fishing grounds in the bays and inlets, held that the three miles should be measured from the vessel to the most distant main land. The controversy became very warm at one time, and so much feeling was displayed on both sides that there seemed to be a probability of the parties coming to blows. Fortunately, however, a conflict was avoided by the reciprocity treaty of 1854, which permitted Americans to fish freely, without any regard to the distance from shore in Canadian and British American waters; and in return for this certain Canadian goods were admitted, free of duty, to the United States.

During the Rebellion, this treaty, which was advantageous to Canada, was terminated, and the old theory of measuring three miles from the projecting headlands was revived. This has been remedied by the Washington treaty, just put in force, which gives to American fishermen the privilege of catching fish upon the seacoast and in the bays, harbors and creeks of the British territory without any restrictions as to distance from the land; it permits them to use the shores for curing their fish, drying their nets, &c., and only forbids them to take shell-fish and the fish which are caught exclusively in the rivers. British subjects are permitted the same privileges on the eastern shores of the United States, north of the thirty-ninth parallel of north latitude, and are bound by the same restrictions. During the existence of the treaty, each country will admit to the other, free of duty, fish-oil and fish of all kinds, with the exceptions of fish that are caught in inland waters and fish preserved in oil. The treaty continues in force ten years, after which two years notice must be given by the party desiring to withdraw.

ITEMS OF INTEREST.

SINCE the postal cards were introduced, the postmistresses are not getting an average of more than three hours' sleep a day.

ADDITIONAL reports of the Agricultural Bureau show that the yield of oats and rye will rule above the average throughout the country. Indeed a majority of the States show an increased average and a better yield of both crops.

ANOTHER sea monster has been seen on Lake Ontario, near Twenty Mile creek. The fishermen describe it as being about fifty feet long, with a head like a dog. Barnum is up in that country, and may capture this aquatic wrangler, that has created such a sensation.

THERE were 9,270 births registered in Boston in 1872, an increase of 775 over 1871. The number of marriages was 3,762, only 48 more than in 1871, or one in every 35 22 of the population. The deaths numbered 8,090; 2,202 more than in 1871, making a death rate of 30.53 to the thousand.

A NEW JERSEY proletaire says: "Stand up for the Sabbath, fellow-workmen: Refuse on holy days to fire up a locomotive, or drive your employer to church if he is able to walk. I believe the time is close at hand when a Christian woman will refuse to work on Sunday in any man's kitchen, solely that her employer's family may feast on dainties. Speed the day!"

SINCE the subject of so many distinguished men dying from overwork has been under discussion, many of the clerks in the departments of our City Government are complaining of exhaustion. They certainly have a pale, jaded, unhealthy look, but it has been generally attributed to physical languor produced by catching flies.—*New York Commercial Advertiser.*

A WORCESTER, Massachussetts, man claims to have constructed the smallest steam engine in the world, with a boiler holding three drops. The engine, boiler, governor and pumps stand in a space seven-sixteenths of an inch square, and five-eighths of an inch high, and contains one hundred and forty eight distinct parts. The largest screw is one-eightieth of an inch, and the smallest about one thousandth of an inch in size.

DOES advertising pay? Read this. The colored show bills which Barnum will use up this year cost $450,000. His small bills, circulars, &c., will cost $50,000. His advertising in the newspapers will cost $250,000. Total $700,000, the whole of which is expended in printer's ink. What is the result of all this tremendous advertising? Receipts exceeding $10,000 a day, with a net profit of $30,000 a week, $120,000 per month, or $840,000 for the entire season.

A LIST of maritime disasters, including ships of all nations, during the month of April, is given as follows: Sailing vessels totally lost, 155, viz: 75 English, 16 French, 10 Norwegian, 9 German, 5 Swedish, 9 American, 8 Italian, 6 Dutch, 5 Greek, 4 Austrian, 3 Danish, 2 Spanish, 1 Portuguese, 1 Russian and 1 Mexican. In this number are included 31 sailing vessels reported missing. Steamers totally lost, 15, viz: 8 English, 4 American, 1 German, 1 Spanish and 1 French.

THE War Department will send to West Point from the Ordinance Bureau, as a trophy of war, the first gun fired in the cause of the rebellion. It was fired at the steamer Vicksburg, bound for New Orleans, and supposed to have arms and ammunition on board belonging to the United States. The firing took place several days before any guns were fired at the United States on troops, either at Charleston or Pensacola. It is a small four-pound cannon, formerly the property of the city of Vicksburg.

THE Western University Alumni, as reported by this year's record, are engaged as follows: Three hundred and forty four are clergymen, of whom 304 are Methodist, 12 Episcopal, 10 Congregational, and 8 other denominations. Fourteen are college presidents, 58 are professors in colleges, etc., 110 teachers of lower grade, 151 lawyers, 45 physicians, 24 editors, 31 manufacturers, 92 merchants, 23 workers in science, 25 farmers, 20 government and state officers, and 14 are superannuated or out of employment.

FROM the pamphlet entitled "Yale College in 1873" we take the following: The funds of the academic department are as follows: Endowed professorships, $145,137 58; funds for prizes or scholarships, $106,217 43; fellowship fund, $8,000; funds for increase of library, $38,852 33; miscellaneous funds, $10,500; accumulating funds, $83,923; general fund, $220,853 93. In taking a general view of the income and expenditure of the academic department, it appears that the expenditures have exceeded the income by $14,802 98.

A FARMERS' club in a town in Illinois recently passed a resolution declaring the presentation of such bacchanalian symbols as a candelabrum, a punch bowl and a pair of wine coolers to the foreign arbitrators at the Geneva Conference, to be "an outrage against the temperance sentiments of the nation and an insult to the distinguished gentlemen themselves." Perhaps they think differently on the other side of the water. We should not be surprised if there are a few diplomats on this side who would not object to being "insulted" in the same manner.

ONE Canadian, who has hitherto purchased his iron in England, has notified those who have hitherto filled his orders, that he cannot continue to patronize them, since he can do better in the United States. He has recently contracted with Buffalo parties for 1,300 tons. The success of our iron manufacturers in competing with the old established firms of England, is most gratifying, as it serves to show the fruits of a wise system of protection, by means of which our enterprizing citizens have been enabled to build up manufacturing interests which may successfully compete for trade in the markets of the world.

THE Free Masons of this city and State are making elaborate preparations for the dedication in September next of their new Broad street temple, which is the finest Masonic edifice in the world. The chief ceremonies will take place on Friday, September 26th, to be preceded by a reception of the Knights Templar on the evening of the 25th. The procession of the Grand and Subordinate Lodges will be an imposing one. On September 29th the Grand Chapter will dedicate its portion of the building, whilst on the 30th the Knights Templar take possession of theirs. This succession of Masonic ceremonies will attract a large number of visitors to the city, as the displays made by this powerful Order hitherto in Philadelphia have always done.—*Phila. Ledger.*

POLITICAL NOTES.

COL. JOHN R. BAYLOR is favorably spoken of as the Democratic candidate for Governor of Texas.

SENATOR THURMAN is urged as the Democratic candidate for Governor of Ohio, by the Brown County *News*.

THE Janesville speech of Senator Carpenter has not prevented people from speaking of the salary grab as the salary steal. Public sentiment is practically united on that matter.

REFERRING to Senator Matt. Carpenter's Janesville back-pay speech, the Chicago *Tribune* says the audience, half of whom were ladies, "acted as if they were attending a funeral."

THE principal candidates named to succeed Senator Hamlin of Maine in the United States Senate are Gov. Perham, Israel Washburn, Jr., Josiah A. Drummond, Eugene Hale, and Mr. Hamlin himself.

THE Republicans of Lawrence county have put in nomination the following ticket: Assembly, E. S. N. Morgan; Sheriff, James McWilliams; Treasurer, Forbes Holton; Commissioner, Robert Mehard; Register and Recorder, James Crowl; Auditor, Lafayette Baldwin; Coroner, J. K. Pollock.

CLINTON D. MERRIAM, of New York, has sent his back pay to Gen. Spinner with directions to cover it into the Treasury, which has just been done. For some reason his check has been about a month on the way, so that by good rights his name belongs well up on the list of the returning members of the House.

HERE is another Congressman trying to dispose of stolen goods. The Hon. John M. Bright, of the Seventh Tennessee district, is announced as having drawn his back pay and as proposing to distribute it equally among the counties of his district. If it isn't right for him to keep it he cannot give it away. The United States Treasury is the only rightful owner, and to that he should return it.

THE Philadelphia delegation to the Republican State Convention is as follows: Senatoral—J. A. Horseman, Hamilton Disston, Chas. W. Ridgway, Chas. T. Jones. Representative—Jos. K. Fletcher, R. C. Tittermary, John R. Orr, John Sherman, David F. Houston, Daniel B. Beitler, A. Alexander, Wm. Totten, James W. Sayres, M. Hall Stanton, Wm. B. Mann, Wm. M. Bunn, Thomas Spence, George Bumm, T. B. M. Addis, John W. Harmer, Henry Cowpland and Christian Kneass.

WHEN Congress meets, in December, and before it has even organized, the Treasury of the United States will have paid out $2,058,850 in salaries to Senators and Representatives dating from March 4. The honorable gentlemen among whom this sum of $2,058,850 has been equally divided, and who "do not steal," are expected, then, promptly to repeal the law which has paid them so well for "services" not rendered, and for the "expenses of living in Washington" when they have not lived there. To this sum of $2,058,850 for ten Territorial delegates, paid to date, and a further sum, not readily calculated, for officers and attaches of the old Congress who have constructively "held over," and actually have done nothing for nine months but draw pay. These delegates and attaches have no votes, but they will, of course, have an influence; and the aggregate influence will be about $2,500,000. The "salary-steal" was thus well contrived to perpetuate itself.—*Chicago Tribune.*

Pittsburgh Bank for Savings,

No. 61 FOURTH AVENUE, PITTSBURGH.

CHARTERED IN 1862.

ASSETS January 1, 1873 - $778,251 56

OPEN DAILY from 9 to 4 o'clock, and SATURDAY EVENING, from May 1st to November 1st from 7 to 9 o'clock, and from November 1st to May 1st, 6 to 8 o'clock. PERSONAL.

WHITELAW REID, of the New York *Tribune*, is a good public speaker.

IT seems to be conceded that Hon. Henry Wilson has had a stroke of paralysis, but is rapidly recovering.

JOHN A. CURTIS, colored, tried in Baltimore for the murder of William Sheaf, also colored, has been convicted of manslaughter.

IDA LEWIS, the heorine of Lime Rock, has separated from her husband, William Wilson, on account of non-support. She will once more "paddle her own canoe."

WILLIAM H. BELL, who was Mr. Seward's attendant at the time of the attempted assassination by Payne, and who resisted the latter's entrance to the house, has just graduated from Lincoln University.

THE descendants of General John Stark, the revolutionary hero, propose to enlarge the cemetery in New Hampshire in which his body rests, and to convey it to the State, on condition that it be kept forever in good condition.

His Highness the Khedive of Egypt, has ordered a dinner service for the contemplated *fete* in honor of the Sultan's concession to him of enlarged sovereign powers. Five thousand carats weight of diamonds are to be used in the golden vessels.

MRS. ELIZA GOULD, of Cincinnati, whose husband died about two months ago with the symptoms of having been poisoned, was married recently to the man who, with herself, was arrested at the time on suspicion of having poisoned her former husband.

DUDLEY WARNER has taken a vacation from his garden, and has been doing a little sauntering at and around West Point. He writes back to the Hartford *Courier* that the Cadets "are as well bred almost as the Chinese and Japanese boys who come to us for an education."

IT is said in a Boston newspaper that the grave of John A. Andrew, the War Governor of Massachusetts, is marked only by a little flag, and that subscriptions to pay for a monument over his grave have not reached even the sum of five thousand dollars. Yet he was a pure patriot, an upright man, and a wise and brave ruler in a time of peril and trouble!

THE Bonapartist journal, the *Ordre*, states that the wife of Marshal Bazaine has written to the President of the Republic, begging him to order the trial of her husband, who has now been in confinement for about a year, to take place at once. Marshal MacMahon, however, it is stated, has decided that the trial shall not be proceeded with until the complete evacuation of the territory by the German troops.

Venice by Torchlight.

Venice is perhaps the only place where you could see such a torchlight procession, writes a correspondent, as we saw the other night. It was gotten up for some charitable object, and was supported by all the "forestieri" or strangers in the city, whether for the charity or novelty of the thing I leave you to guess. The grand canal or street of the nobles is two hundred feet wide, and capable, therefore, of allowing numbers of boats to go abreast. You know the gondoliers stand up to row, and take very little room in the water. A steamer, gaily decorated, was placed in the middle on each side of a large boat containing bands and singers; then, on each side and behind for a long way were gondolas, lighted up in every way Chinese lanterns can do it. The music struck up, and the procession glided along the water. Alternately pieces by the band, and national songs sung by a good chorus, till we arrived at the Rialto, the bridge across the grand canal. Then all stopped, and the thousands of people on the bridge and sides of the canal were still, while the singers treated us to the best out-door performance I have heard.

THE Davenport (Iowa) *Gazette* says of the railway law of Illinois: "It is a serious question how such a law and other laws like it are to affect the Western farmer. If it is the right thing for Illinois, it must be equally so for every State, and if a succession of graded tariffs, from the Mississippi to New York, are to be imposed upon Western wheat and corn, then the cost of sending them will be trebled, and no more corn and wheat will go that way to the ocean. The through rates are now, and always have been, less than half the local rates; but if through and local freights are to be put into one cast-iron scale, increasing according to distance, the result must inevitably become prohibitory on Western grain. Here are facts which ought to challenge the investigation of all Western men who are insisting that railway tariffs, regulated by State laws, will cheapen communication between the East and West."

Observations on Life.

We have seen many a favorite son or daughter hastening to the grave under some undermining chronic disease. It may be Consumption, Liver Complaint, Dyspepsia, or some other malady of less fatal tendency. What are you doing for it we would ask? "Nothing," perhaps would be the answer! Why, who ever heard of such logic as that? Do nothing and expect the disease to get well! "Oh, well, some one told us it was Consumption, and Consumption could not be cured." That fatal belief has allowed thousands to pass to untimely graves. We do not say they were killed, they may not have been deceived, but there was a time in the case when it was curable. Did you never hear of DR. KEYSER'S LUNG CURE—of its wonderful powers in renewing the life and restoring the lungs? Have you not read of many who have been cured by it after all hope on life had been abandoned? Has not DR. KEYSER'S LUNG CURE, like a sign-board at the cross roads, many a time pointed you the way to a return to health and renewed life? Think of it when you are sick. Read the Doctor's treatise on Chronic Diseases, which can be had free at his medical office, 167 Liberty street, Pittsburgh, or sent to any address on application.

NEW ESTABLISHMENT

Marbleized Slate Mantles,

FURNACES, RANGES, GRATES

Having fitted up the above STORE for the manufacture and sale of FURNACES, RANGES, GRATES and MARBLEIZED MANTLES, I would respectfully call the attention of Architects, Builders, Churches, School Committees and the public in general, to our stock of goods, consisting of

MARBLEIZED SLATE MANTLES,

which are six times as strong as marble, will not stain or discolor by gas, smoke, oil or acids.

I am now manufacturing and offer for sale the most desirable patterns and best finished Mantles ever offered in this market.

COOKING RANGES

Of the most popular and desirable patterns.

Old's Utility Fire Grate,

The most powerful heating grate in use, burning the gas and smoke, and saving from forty to fifty per cent. of fuel.

The New Cone Furnace

which has a large amount of radiating surface, and of simplicity of construction, ease of management, economy in fuel and durability, will commend itself to all who will examine it. It will heat your building with one-third less coal than the common furnaces now in use. The BEST FURNACES for Coke, Bituminous and Anthracite Coal.

We solicit a liberal share of public patronage. Satisfaction guaranteed in all cases.

PROPOSALS.

U. S. ENGINEER'S OFFICE,
4 PUBLIC LANDING,
CINCINNATI, O., June 19, 1873.

IMPROVEMENT OF GREAT KANAWHA RIVER.—DAMS AND DIKES.

Sealed proposals in duplicate will be received at this office until noon on MONDAY, the 28th day of July, 1873, for furnishing and putting in place the necessary stone and brush for the repair and construction of the following Riprap Dams and Dikes on the Great Kanawha River.

Distance from Charleston.	Place.	Cubic Yds. Stone.
16 miles above.	Cabin Creek Shoals	3,000.
½ mile below.	Elk Shoal.	3,000.
2 miles below.	Two Mile Shoal.	1,000.

Brush will be used at the discretion of the Engineer in charge.

All the above mentioned work must be completed by December 1, 1873.

Specifications and printed forms for proposals will be furnished on application to the undersigned, or to A. M. SCOTT, Civil Engineer, Charleston, W. Va.

WM. E. MERRILL,
Major Engineer.

je30-q41

TIME EXTENDED

Main Street Improvement.

NOTICE TO CONTRACTORS.

Sealed proposals for the Grading, Filling, Curbing and Paving, with wood or stone pavement, of Main street, from Penn avenue to Liberty avenue, as laid out; also the building of a culvert under Main street, will be received at the residence of A. B. BOAL, Pearl street, Sixteenth ward, Pittsburgh, until the 7th day of July, at 6 o'clock, P. M. Each bidder will bid separately for wood or stone pavement, grading and filling, curbing or constructing culvert, and will distinctly set forth the nature and specification of the pavement proposed to be laid.

Plans and specifications can be seen and all information relative to the work obtained at the City Engineer's office, or at the residence of A. B. Boal, before the time designated for receiving proposals.

The Commissioners reserve the right to reject the whole or any part of all proposals should they see fit so to do.

All proposals must be accompanied by bonds, as required by the city.

Plans and specifications can be seen at the office of the City Engineer.

The right is reserved to reject any or all bids.

JAMES BROWN,
je30-q39 Controller.

OFFICE OF THE CITY ENGINEER,
CITY OF ALLEGHENY, June 25th, 1873.

NOTICE.—THE FOLLOWING ASSESSMENTS for Grading are now ready for examination, and can be seen at this office until SATURDAY, July 5th, 1873, when they will be placed in the hands of the City Controller to serve notices for the payment of the same, viz: Pine alley, from Evans' alley to P., Ft. W. & C. R. R.; Nerman street, from Buena Vista street to Overlook street; Garrison street, from Buena Vista street to Overlook street; Rolla street, from Buena Vista street to Yale street.

W. K. CARLILE,
je25:q15 Acting City Engineer.

OFFICE OF CITY ENGINEER,
CITY OF ALLEGHENY, June 21, 1873.

NOTICE.—THE ASSESSMENTS FOR grading, paving and curbing of VINIAL Street from Spring Garden Avenue to Villa Street, and for grading JOWRIE Street from Sassafras Lane to its present eastern terminus, are now ready for examination, and can be seen at this office until Wednesday, July 2, 1873, when they will be placed in the hands of the City Controller to serve notices for the payment of the same.

W. K. CARLILE,
je21-p96 Acting City Engineer.

ALLEGHENY CAR AND Transportation Co.

Incorporated by Act of Assembly.

Capital Stock..........$100,000
Privilege to Increase to..........500,000

SAMUEL M. KIER, President.
JOHN C. PAUL, Manager.
JOHN B. STEWART, Secretary.
JAMES W. ARROTT, Treasurer.

DIRECTORS.—James Kelly, Morton Hall, George W. Glass, S. M. Kier, John C. Paul, John H. Miller, Robert S. Ramsey, Jas. McKay, Thos. M. King.

The object of this organization, with its powers and privileges, are clearly specified in the Charter of the Company, but may be set forth as follows:

First—That of a "Transportation Company" or Fast Freight Line.

Second—That of a "Rolling Stock Company," the purpose of which is to Rent its cars to transportation lines, railroad companies and individuals.

Third—That of a "Car Manufacturing Company Establishment," with the additional privilege of making and selling such articles of manufacture as may be deemed profitable.

In view of the extent of the enterprise and demand for interest therein, the Board decided under the privilege of their Charter, to increase the Capital Stock to $250,000; about $150,000 of which is already subscribed. The remaining $100,000 is now offered to the public on the following favorable terms: Ten per cent. (10 p. c.) to be paid at the time of subscription, and the balance to be paid at the discretion of the Board, but in no case to exceed ten per cent. per month. Prospectus, Charter and additional information may be had by applying at the office of the Company, 107 Wood street. Subscriptions received by either of the undersigned.

S. M. KIER, 369 Liberty St.
J. C. PAUL, Gen. Manager, Wilkinsburg.
J. W. ARROTT, Treas., 107 Wood St., Pitts.

DR. WHITTIER,

No. 296 PENN STREET, Pittsburgh, Pa.

A regular graduate of Medicine, as his Diploma at office shows, has been longer engaged in the treatment of Venereal, Sexual and Private Diseases than any other Physician in Pittsburgh.

Syphilis, Stricture, Orchitis, all forms of Hernia and Rupture, all Urinary Diseases, and Syphilitic or Mercurial Affections of the Throat, Skin or Bones are treated with unparalleled success.

Spermatorrhœa, Sexual Debility and Impotency, the result of self-abuse in youth, sexual excesses in mature years, or other causes which produce some of the following effects, viz.: Nervousness, debility, blotches, dizziness, dimness of sight, confusion of ideas, evil forebodings, aversion to society, loss of memory and sexual power, rendering marriage improper and life miserable, are permanently cured. Sealed pamphlet relating to the above sent for two stamps. Correspondence confidential; consultation free. It is self-evident that a physician who treats thousands of cases every year must acquire great skill; many Physicians knowing this, recommend patients to his care. Medicine sent everywhere. Office hours 9 A. M., to 8 P. M. Sundays, 1 to 3 P. M.

MANHOOD! WOMANHOOD!

"Books for the million!" Who may marry, who not, Why? Impediments, causes and cure. Every father, mother, young man and young woman should read them. 100 pages. SENT IN SEALED ENVELOPE, 25 cents each. Both for 50 cents.

Address Dr. WHITTIER, 296 Penn street, Pittsburgh, Pa.

WEDNESDAY, July 2, 1873. }

The Pittsburgh money market continues easy and without noticeable change. There is no perceptible paper as is offered at the banks, either by depositors or outsiders, is promptly taken care of; and we have learned of a few instances of parties desirous of taking up notes not due for some time to come, but holders are ceptible increase in the demands for discounts, so that such firm, under the impression that they have placed their funds, for the Summer at least, "where they will do the most good." The rates remain about as last quoted—8@10 ₩ cent. ₩ annum for first-class paper, probably the great bulk of the business having been effected at 9 ₩ cent. Real estate and local securities are active.

George B. Hill & Co., Bankers, No. 58 Fourth avenue, furnish the following quotations of Bonds and Stocks from the latest advices by telegraph:

Empire Transportation		56⅛

Rates for money in Boston are 6 ₩ cent. on call loans, and 6@7 ₩ cent for discounts—that is, for most of the transactions—short dates and very choice names of course having the preference.

The Philadelphia money market continues to favor borrowers, who are scarce, and by no means pressing in their demands for funds. We cannot reasonably anticipate any material change in this feature of the market for about sixty days hence. Lenders for that period are willing to accept lower rates than those generally ruling. There is some speculative demand, but it is quite light, owing to the unsettled condition of values. Stocks quite active, and prices experienced material change for the better; sales of City 6s, new, at 100⅛@100⅜; Reading Railroad sold at 55⅛; Pennsylvania at 54⅛@54⅜, the latter on time; Oil Creek and Allegheny at 27, ex. div.; Lehigh Valley at 60⅛; Catawissa new preferred at 32⅜, an advance of ⅛; United Companies of New Jersey at 121⅜; 42⅜ was bid for Catawissa preferred, and 24⅜ for Philadelphia and Erie.

The Chicago Evening Post says the demand for loans is about the same as we have noticed for sometime past, and as there is no change in the supply of funds, all applicants who present satisfactory collateral are promptly accommodated to the full extent of their wants. The discounting rate is well sustained at 10 ₩ cent., but in some quarters there is a disposition to concede something on this rate for the purpose of inducing a more general circulation of funds now unemployed. Call loans on undoubted securities are making at 7@8 ₩ cent., while real estate and accommodation paper is quiet at 12@15 ₩ cent. ₩ annum.

The St. Louis Democrat says the supply of funds has been large and considerably in excess of the demand, resulting in a further increase in balances. Rates have been nominal, ruling at 8 and 10 ₩ cent. ₩ annum.

The Cincinnati Gazette says there has been no event of especial importance during the past few days to change the general features of financial affairs. There is a fair demand for money, but the banks being well supplied with currency, are discounting freely for their regular depositors at 8@10 ₩ cent. The supply of private capital is abundant, and good mercantile paper in the open market is disposed of at 9 ₩ cent.

The Baltimore Gazette says inactivity prevails at the Stock Board. Baltimore and Ohio was held at 176, with 173 bid. Central Ohio preferred at 40⅜, and City Passenger was very weak, only 16 being bid, held at 20. Pittsburgh and Connellsville bonds were in demand at 97, 97⅜ asked. Baltimore and Ohio 1885s at 97. Northern Central gold at 94, offered at 94⅜. Central Ohio 6s at 88⅜, 89⅜ asked.

NEW YORK, July 2, 1873.

Money was easy at 4@5 per cent. Sterling was dull at 109⅛@109⅜ for sixty days and 110 for sight. Gold opened at 115, advanced to 115⅜, and closed at 115⅛@115⅜. Loans were 2@5 per cent. Clearings $47,000,000. Treasury disbursements $602,000, gold and currency. Customs receipts $304,000. Most of the operators in gold look for lower prices. Governments were quiet and stronger. State bonds were quiet and firm. Stocks were quiet and active, with well distributed business. Western Union, Pacific Mail, Lake Shore and Western Union being the features. Lake Shore advanced steadily from 93⅞ to 95⅜ on the action of Commodore Vanderbilt to the Presidency, but reacted to 95⅜ at the close. Pacific Mail rose from 35 to 37, receded to 35⅜, rose to 36, and finally reacted to 35⅜. The rise is attributable to the covering by the shorts, and the late revelation to the statement that the service between New York and Aspinwall will be reduced from three to two monthly trips. Union Pacific was moderately active at between 25 and 26⅛, closing at 26⅛. Western Union rose from 84⅛ to 85⅜ and reacted to 85⅛. New York Central sold at 102⅛, 103⅛, 102⅜; Rock Island 109⅛, 109⅜; Northwestern 71, St. Paul 51, 51⅜ and 51⅛; Ohios 39, 39⅛ and 39; Northwestern 71⅜ and 71⅛; Wabash 68⅜, 68⅜ and 68⅛; C. C. & I. C. 28⅛, 29 and 28⅛; St. Joseph 37 and 37⅛. Michigan Central was weak at 96⅛, 95 and 95⅛. The whole list closed 1@2⅜ off from the highest prices, appearing as if some large holders had realized.

The amount of bullion gone into the Bank of England on balance to-day is £30,000. The rate of money at the Stock Exchange is ⅛@1 lower than the Bank rate on Government securities. The rate of discount of three months' bills is ⅛ below the Bank rate.

FRANKFORT, July 2.—United States bonds: 5-20s of '62, 96⅛.

PARIS, July 1.—Rentes 56f 32c.

COMMERCIAL.

PITTSBURGH MARKET.

OFFICE OF THE PITTSBURGH GAZETTE, }
WEDNESDAY July 2, 1873. }

Notwithstanding there is a very general complaint in regard to business being dull, there is, nevertheless, about, if not altogether, as much doing, as usual at this season of the year: there is a fair demand for the leading articles, mostly, it is true, for small lots, but it amounts to considerable in the aggregate. The worst feature connected with trade this spring and summer, is not so much that it has been more inactive than usual, but in consequence of a steady shrinkage in values; there has been very little money made, many staples have been sold at cost or a loss right away along for several months past. However, it is probable that this shrinking process, which has been going on all season, is about over, and as this feeling becomes general, there will be an increased business, as there will be a general desire to stock.

APPLES—The receipts of green Apples continue light, and while the demand is very meagre, prices are firm and higher, ranging from $5 to $8 per bbl., according to quality.

BUTTER—There is some little inquiry, but the market is very tame, and prices are weak though unchanged: 8@12 for common to fair, and 15@17 for prime to choice.

BEANS—Dull; $2.50@3 ₩ bushel.

BROOM CORN—Is less active, the advanced prices having curtailed the demand somewhat, but stocks are light, and the advance is still maintained.

CHEESE—As noted in our last, there is a firmer feeling caused by the recent heavy purchases for export, but as yet there has been no advance in our market; we continue to quote prime Ohio factory at 11c to the trade, and 12@12½ in a jobbing way.

CANNED GOODS—The demand continues light, and in view of the fact that green stuff and berries are in season now, trade may be considered about over for this year.

COUNTRY MEAT—Is dull but prices are nominally unchanged: Shoulders, 5@5⅛; Clear Sides, 7@7⅛; Hams, 8@9. Country Lard, 7@8, according to quality.

DRIED FRUIT—There is rather more inquiry for Peaches, and as stocks are light, prices are firmer; prime halves, 6⅛@7c; mixed and quarters, 4⅛@5. Apples also more inquired for, 3@4c as to quality.

EGGS—The market is rather firmer in consequence of an increased demand, which always takes place a day or two preceding the Fourth, but prices are not quotably higher; strictly fresh may be quoted at 17@18—one house reported having picked up one hundred barrels on Tuesday at 16.

FLOUR—We have to report a continued quiet market, but prices remain unchanged: $7@7.50 for spring wheat flours, and $8.25@8.50 for red winter wheat, according to quality.

GRAIN—The market for all kinds of Grain is perhaps a shade firmer, but there is no quotable change in prices. Wheat is in light supply, but there is not much inquiry for it, and prices are without quotable change, ranging from $1.45@1.55 for common to prime red. The Oat market is generally reported firmer, but we continue our last quotations, 43@44c for good mixed, and 45@46c for prime white. Shelled Corn is coming in more freely, mostly on consignment, and the market is dull, but prices remain without quotable change; 53@54 on track, and 55@56 free in elevator. Ear Corn is also in light supply, but there does not seem to be much inquiry for it; we continue to quote at 58@59c in bulk by the carload—the demand is mainly for small lots. Rye is dull but nominally unchanged.

GROCERIES—Trade is very generally reported slow, although it is about as good as it usually is at this season of the year. As noted in our last report, however, it is expected that the demand for Sugars in this market will be much smaller than it was last year in consequence of reports that the fruit crop in this section is likely to be a partial failure.

COFFEE—Choice Rio, 25; Good to Prime, 22½@23½c, fair 21@21½c. Old Government Java, 28c; other Javas, 26@27c. Roasted Rio, 1 lb packages, 28c; loose, 27½c. Roasted Java, 33⅛.

SUGARS—Patent Cut Loaf, 12⅛c; Crushed, Granulated and Powdered, 11⅛; Standard A, 10⅛; B 10⅛; Ex. C, 10⅛c; C, Yellow, 10⅜; Circle C, 10⅛. Lower grades, 9@10.

SYRUPS—White Drips, 85; other grades ranging from 60 to 40, as to quality.

RICE—Choice Carolina, 9; prime, 8⅛; Patna, 8@; Rangoon, 7⅛@8.

MOLASSES—Choice New Orleans, 73@75c. Prime 70@72c.

HAY—The market for baled is rather firmer, and with a slightly improved demand and diminished receipts, holders are more hopeful although as yet there is no quotable advance in prices; we continue to quote at $18@24 per ton, according to quality.

POTATOES—New crop are coming in more freely, and prices are weak and drooping; we reduce our quotations to $6.50@7 ₩ brl. Old stock continue very scarce, but as yet there has been no quotable decline, $1.75@2 per bush.

POULTRY—Young or Spring chickens are quotable at 50 to 60 cents, and old ones at 70 to 80 per pair, according to size.

PROVISIONS—Extra Sugar Cured Hams, ₩ lb. 14⅛c. Ex. Sugar Cured Shoulders, 9⅛c; Sugar cured Breakfast Bacon, 12⅛c. Extra Sugar Cured Dried Beef, 19c. Beef tongues, $7.50 ₩ dozen. Bacon Shoulders, per lb, 8⅛c. Bacon Rib Sides, 9⅛c. Bacon Short Rib Sides 10c. Bacon Clear Rib Sides, 10⅛c. Mess Pork, $17.00 per bbl. Prime Leaf Lard, in tres, 9⅛c. Refined for summer use, in tres, 9⅛c. Do. half bbls. 10⅛c. Do. bkts, 11c. Do. in 3 lb. caddies, 12⅛c. Do. in 5 lb. 12⅛c. Do. in 3 lb. pails 13⅛c; do. Do. in 5 lb pails, 13. Refined Lard for summer use, ½ brls. 10⅛.

RAGS—Quoted at 3⅛@3⅜c.

SEEDS—Flax Seed continues scarce and sells readily at $2.10@2.12½ per bushel.

WHISKY—Highwines quotable at 93@94c per gallon.

PITTSBURGH LIVE STOCK MARKET

CENTRAL STOCK YARDS, EAST LIBERTY, }
WEDNESDAY, July 2, 1873. }

CATTLE.

The receipts of cattle for the week ending to-day fair. The general quality of the stock is common, although some very good cattle are offering. The attendance of buyers fair, all the small as well as large markets being represented this week. As usual those who want to purchase are complaining about the hard state of trade, and are endeavoring to buy as cheaply as possible. With a supply on sale fully equal or a shade greater than the demand, buyers are taking their time, and trade so far has ruled slow and dull at rates from 15 to 25c lower than last week. Some sellers report the prices at which cattle are selling as the lowest for several years. On the whole the market is very unsatisfactory for holders, some of whom are shipping out rather than sell here at the prices offering. Following are the rates at which the different grades are selling:

Extra cattle, 1,400 to 1,500 lbs. weight		6 25
"	1,300	5 90@6 00
Prime	1,200	5 50@5 75
Fair	1,100	5 25@5 50
Common		3 75@4 50

SHEEP.

The run of sheep rather heavy, and about the same as last week. Market, however, is worse, and to use the expression of sellers stock is given away. The demand is light and buyers seem determined to buy as low as they possibly can. The feeling is bad and the trade winds up with a bad feeling.

The following are the prices:

Extra 100 lbs		$5.00 per hundred lbs.
" 95		4.75 to 4.85 "
Prime 90		4.25 to 4.50 "

HOGS.

The run of hogs for the week fair. The quality of stock good, but too heavy, as the principal demand has been for light hogs. There is very little doing in the yards to-day, only four or five loads of hogs changing hands.

Best hogs selling at $480 yesterday. None selling to-day.

Prime light hogs changing hands slowly from $450 to $465. Roughs $4.

PITTSBURGH PETROLEUM MARKET.

OFFICE OF THE PITTSBURGH GAZETTE, }
WEDNESDAY, July 2, 1873. }

The Crude Petroleum market continues weak, and the tendency is still downward; $1.90@1.95 ₩ brl. at Parker, equal to about 5⅜@5⅜c per gallon delivered here. This, if we mistake not, is the lowest point touched for several years. The market is considerably demoralized, and there is no telling now, that it has dropped below two dollars, where it will stop. Refined is also weak in sympathy with the raw material, but there is no quotable change in prices.

Oil Barrels in rather better supply, but the demand is fully equal to it, and prices are well maintained; $2.15 for countries, and $2.25 for city make.

The Wool Trade.

(From the Boston Shipping List.)

BOSTON, June 28.—The receipts of Domestic for the week have been 2,506 bales against 2,670 bales for the corresponding week of 1872, and 9,661 bales in 1871. The receipts of foreign have been 5,784 bales, against 986 bales last year.

But very little new fleece has yet been received, but some considerable supplies are now on the way, and in a week or two there will be a fair assortment to select from.

The market is steady and firm, with a good demand for domestic fleece, pulled and California, the sales of the latter having been upwards of 500,000 lbs. In the interior, the new clip is beginning to move with considerable activity, although the extreme views of holders there has a tendency to limit transactions. Harris has been buying largely in Ohio and Pennsylvania and paying as high as 45c for choice fleeces. The Middlesex and Pacific Mills have also purchased considerable in Ohio and Pennsylvania from 40@45c, and from 38@42 for Michigan, including round lots of fleece, suited to the consumption of these mills, at the highest figures. Buyers for these mills generally purchase the best wool they can find, and in consequence the average is rather higher than others are willing to pay. Dealers and speculators are also reported to have purchased some considerable in Michigan at 38@42c, and in Ohio, Pennsylvania and West Virginia at 40@44c, and in some few instances as high as 45c, but are moving very cautiously, and do not appear anxious to stock up to any extent at these figures. The latest advices from Michigan, however, report prices of wool at 43@44c, and Ohio and Pennsylvania at 45c and upwards, and buyers will be compelled to withdraw, as there is no margin at these figures.

There is now every indication that a large portion of the Western clip will come forward on consignment. Our Commission Houses have already large supplies on the way, and all desirable lots are likely to meet with a ready sale, as most of our manufacturers, if we except some large mills, will continue to rely on Eastern markets. One lot of new Michigan sold at 43c, but the condition was good; and several lots of new Ohio from 50@52c ₩ lb.

Fine combing fleeces are wanted, but coarse Western is neglected, and has to be sold at comparatively low figures. The transactions of the week include 82,000 lbs Kentucky combings at 44@45c, and these are outside prices for this description, but the coarser kinds have ranged from 35@43 ₩ lb. Manufacturers are still well stocked with coarse yarns, and the demand runs almost exclusively for the better descriptions. Shippers of coarse Western combing should bear this fact in mind. Advices from Canada report large purchases of Combing there, and prices have advanced to 38@40c, gold, equal to about 70c, currency, here.

The purchases of Spring California have again been quite large, upwards of 500,000 lbs, of which considerable was choice Northern Wool at 35c ₩ lb. One fancy clip of 3,000 lbs sold at an advance on 35c ₩ lb, but this is no criterion of the market. Almost every lot of California Wool, so far as received, has already gone into consumption, and this trade is concentrating more than ever in this city. We expect to receive more than one-half the clip of that State this season, and supplies should be forwarded as fast as possible, so as to give our manufacturers a selection.

Pulled Wool still attracts considerable attention, manufacturers taking 264,000 50c ₩ lb for super and X. A fancy lots range above the latter figure, but the condition of pulled Wool, to command over 50c ₩ lb, must be very superior.

The movements in foreign Wool have been unimportant as stocks are generally held above the views of the buyers. For 200 bales New Zealand 55c ₩ lb was offered and refused, but this lot of Wool, it is said, would not shrink more than 46 per cent and would have been cheap at that price. Advices from abroad continue very favorable, and since the recent auctions a further advance has been established. Manufacturers in Germany, France and Great Britain are short of Wool and the entire offerings at the recent sale have already passed into the hands of consumers. The next public sale comes off on the 10th of July, and it is believed that full previous prices will be realized, and perhaps even higher figures, as the demand for France has a tendency to brace up prices. At Marseilles some 30,000 bales of the new Morocco clip have been sold at an advance of 8 and 10 ₩ cent. above previous reports, and the sale of similar Wool in this market, the past week, reduced to a gold valuation, have been at but a small advance on prices now ruling at Marseilles. Our market is overstocked with course foreign Wools, and prices are still very unsatisfactory.

Ohio and Pennsylvania Fleeces—The sales include 80,000 lbs Ohio, Pennsylvania and West Virginia, X, XX and No. 1, old Wool, at 52@52⅛c, the No. 1 commanding the highest figure; 35,000 lbs Ohio, X and above, old and new, at 50@51c; 20,000 lbs Pennsylvania, X and above, at 51c; 7,000 lbs Ohio at 50@51c; and 12,000 lbs Ohio at 48@52c ₩ lb.

Michigan Fleece—The sales include 8,500 lbs new Michigan, in good condition, at 50c, 10,000 lbs at 50c; and 8,000 lbs at 48c ₩ lb.

Receipts Pig Metal, Ore and Blooms.

Wheat in good speculative demand; prices firmer at the opening, but at the close ruled weaker; No 1 spring sold at $1.23@1.24; No 2 spring sold as high as $1.16⅛, but closed at $1.15; seller July sold at $1.15⅛@1.16⅛; closing at inside figure; seller August $1.13⅛@1.14⅛, closing at $1.13⅛; seller September opened at $1.13, and closed at $1.10. Corn: transactions active and prices higher; No 2 opened at 34⅛c, advanced to 35c; fresh receipts brought 35c; seller July 34⅛@35c, closing with 34⅞c bid; seller August 37⅛@38c; seller September 39⅛@40c. Oats: offering liberal, which made a decline of ⅛@1c; No 2 sold at 2⅛@29⅛c. Rye in good demand; No 2 61c. Barley dull and inactive. Mess pork $14@15; better, closed firm at $14.45@14.50 cash; seller July stronger at $14.35@14.40; seller August $14.62⅛@14.75 for round, and $14.75@14.80 for small lots. Short ribs higher at 8⅛@8⅜c. Lard easier, and without change in prices. Receipts: 7,076 barrels flour; 86,000 bush wheat; 121,820 bush corn, 70,170 bush oats. Shipments: 3,424 barrels flour; 75,480 bushels wheat; 135,063 bush corn; 113,527 bush oats. Lake freights rates firm; 5⅛c bid for corn to Buffalo.

CINCINNATI, July 2.—Flour a shade firmer at $6.50@7.25. Wheat quiet at $1.25@1.35. Corn active at 47c. Rye quiet at 68c. Oats steady at 39@40c. Barley dull and nominal. Groceries steady. Eggs quiet at 13c. Mess Pork held firmly at $16. Lard nominally unchanged and strong at 6⅛, 8⅛@8⅛c. Bacon strong; shoulders 7⅛c; sides 9⅛@9⅞c. Whisky firm at 90c.

PHILADELPHIA, July 2.—Flour firmer; superfine $4. Wheat firm; red $1.65@1.70. Corn firm; yellow 58c. Rye dull and nominal. Oats less active; white 45@46c. Provisions quiet. Crude petroleum 12⅛@12⅛c; refined: last half July 18⅛c. Whisky dull at 93@93⅛c.

NASHVILLE, July 2.—Cotton dull; low middling 17c. Flour steady at $7.50. Wheat steady at $1.30. Corn steady at 58@60c. Oats 52⅛c. Lard dull at 9⅛c. Bulk meats dull at 9⅛@9⅛c. Bacon dull; shoulders 8c; clear rib sides 9⅛c; clear sides 10c. Whisky steady at 95⅛c.

LOUISVILLE, July 2.—Cotton quiet at 18⅛c. Flour quiet at $5.75. Grain and groceries quiet. Mess pork firm at $16. Bacon steady at 7⅛@9⅛@9⅜c. Hams sugar cured 13⅛@13⅛c. Lard steady at 9@10⅛c. Whisky 90c.

NEW ORLEANS, July 2.—Sugar; no movement. Cotton dull; sales of 750 bales; good ordinary 16⅛c; low middling 17⅛c; middling 18⅛c; middling Orleans 18⅜c; receipts 662 bales; exports to Great Britain 2,004; stock, by actual count, 52,543.

MILWAUKEE, July 2.—Flour firm; no sales. Wheat dull and declined ⅛c; No 1 Milwaukee $1.28⅛; No 2 $1.20⅛. Oats dull; No 2 29⅛c. Corn active; No 2 mixed 34c. Rye steady and in moderate demand; No 2 62⅛c. Barley steady and in moderate demand; No 1, 60.

LIVERPOOL, July 2.—Cotton quiet; middling upland 8⅛c; Orleans 9@9⅛d; sales of 10,000 bales, of which 2,000 were American, and 2,000 were for speculation and export. Breadstuffs quiet and unchanged. Spirits petroleum 9⅛d. Other articles unchanged.

CLEVELAND, July 2.—Wheat dull and weak; No 1 red offered at $1.53@1.54; No 2 $1.36. Corn steady at 45@46c. Oats quiet at 40c. Petroleum dull and unchanged.

TOLEDO, July 2.—Flour quiet and unchanged. Wheat a shade better; No 2 white Wabash $1.61; No 3 do $1.65. Corn a shade better; high mixed 41⅛c; low 40c. Oats: No 1 35⅛@36c; No 2 35c.

OSWEGO, July 2.—Wheat dull; white Canada $1.85; No 1 Milwaukee $1.50. Corn unchanged; No 2 50c; very dry high mixed 54c.

LIVE STOCK.

BUFFALO, July 2.—Cattle: receipts thus far 7,851; market dull and flat; good cattle held over, but common stock and poor Texans ⅛ to ⅛c off last week's closing prices; but few buyers in attendance; sales at 1,000 and 1,329 lbs, $5.75@6; 18 Illinois steers 1,003 to 1,329 lbs, $5.75@6; 18 Illinois stockers 985 lbs, $4.80; 20 Indiana steers 880 lbs, $4.25; 35 Texan stillers 1,054 lbs, $5.25; 97 Cherokee steers 1,164 lbs, at $5.12⅛@5.65; 27 Michigan steers 1,010 to 1,159 lbs, at $5.12⅛@5.65; 35 Ohio steers 1,010 to 1,284 lbs, at $5.60@5.87⅛. Sheep and lambs: receipts for the week thus far 6,400; market opened lively at 8@8½ 50 for Canada lambs; $4.25@5.25 for Canada lambs; $4@5.50 for western sheep; sales 31 Michigan sheep, 59 to 98 lbs, $4@5.25; 185 Indiana sheep, 102 lbs, $4@4.70; 300 Ohio sheep of 82 to 98 lbs, $4.12⅛@5.25; 130 Canada sheep, 150 to 155 lbs, $4.60@4.75; 93 Canada lambs, 55 to 64 lbs, $5.12⅛@9.25. Hogs: receipts for the week thus far 15,300; market a little more active at $4.75@4.90; sales of 742 Illinois hogs, 190 to 325 lbs, at $4.85@4.87⅛.

NEW YORK, July 2.—Beeves: receipts 113 cars, or 1,870 head; market dull and depressed, with a further decline from Monday of fully ⅛c, and more cattle offered than could be sold; Texans ranged 8⅛ to 9c, to dress 55 lbs to the gross cwt, with a 7 car lot of good Texas stillers holding for 10⅛c; native steers slow at 10⅛@11⅛c, to dress 56 lbs, and 57 lbs to gross cwt, with a few tops sold at 12@12⅛c; sales include 8 cars Illinois steers, 7 cwt, at 11@12⅛c, 2 cars do, 7⅛ cwt, 11⅛@12c; 5 cars do 6⅛ cwt, 11c; 4 cars do, 7⅛ cwt, 11⅛@11⅛c; 6 cars do, 7⅛ cwt, 11⅛c; 4 cars do, 6⅛ cwt, 11⅛c; 4 cars do, 7⅛ cwt, 12c; 5 cars Indiana steers, 11@11⅛c; 3 cars Missouri do 6 cwt, 10⅛c; 6 cars Texans, 5⅛ cwt, 8⅛c, to dress 55 lbs, and 5 cars do, 6 cwt, 9c, to dress 56 lbs. Sheep and lambs: receipts 12 cars, or 2,300 head, making 3,800 for two days; the market was extremely weak, at 4@5⅛c for sheep and 8@10⅛c for lambs; the sales include 2 cars Ohio sheep, 76 lbs average, at 4⅛c; 2 cars do 79 lbs, at 4⅛c; 1 car do 81 lbs, 4⅛c; 1 car do 79 lbs, 5c; 1 car do at 7⅛@8⅛c; 1 car do 85 lbs, 5⅛c; 2 cars Kentucky lambs, 58 lbs average, 9c; 1 car State do 60 lbs, 10⅛c, and 1 car Jersey do 52 lbs, 10c. Swine: to-day's arrivals 6,400, making 9,350 for two days; demand moderate at 5⅛@5⅜c for live hogs, and 6⅛@6⅛c for dressed; the sales of live hogs include 3⅛ cars light-fish Ohio at 5⅛c, and 1 car do at 5⅛c.

WOOL.

BOSTON, June 2.—Wool in good demand. The new clip is reported in a much better condition than last year. MERCHANT TAILOR,

B. TIEGEL,

NO. 53 SMITHFIELD STREET.

Just received, a full line of CLOTHS and CASSIMERES, for Spring and Summer Wear, at LOWEST PRICES.

RIVER NEWS.

The rise in our river seems to have about reached its maximum, and unless there have been further rains at head waters, the water will likely be on the decline to-day. Last evening the marks at the foot of Market street indicated 6 feet in the channel.

The slack water packets continue to arrive and depart on time, and are doing a good summer business, but outside of these steamers there have been no arrivals since our last issue.

The little steamer L. C. McCormick left the wharf yesterday afternoon with a picnic party bound for some point on the Ohio river—probably Steubenville, which seems to be a favorite spot for such purposes.

It is reported that a flat, loaded with stone, is sunk at the head of Brunot's Island. It lies near the channel.

The favorite Cincinnati packet Juniata was receiving considerable freight yesterday, and bids fair to have a good trip of both passengers and freight. She is announced to take her departure this evening.

The Wild Duck and barges, laid up at Ashland, Ky., on account of low water, will start for this city to-morrow evening, Captain C. F. Adams and mate James Klegg having left by rail to-day to bring her up the Ohio.

The Simpson Horner, with her tow of empty coal packages, will be assisted by the steamers Ella and Grace Williams in reaching this port.

We understand that the creditors of the firm of J. S. & D. A. McDonald have granted them a two years' extension, and the steamers J. Sharp McDonald and Oil Valley will therefore not be sold by Marshal Hall on the 5th day of July, as was some time ago announced.

Messrs. Jones & Laughlin have purchased of Capt. James Rees his new towboat Iron City, a trim little steamer of the same size and form as the Little Andy Fulton. We are informed that the amount of the purchase money was $16,000. The Iron City has cylinders thirteen inches in diameter, with five feet stroke, and is provided with Captain Rees' patent cut-off. This steamer will be used by the owners in towing iron ore from the lower part of Allegheny City to their furnace above Lock No. 1.

Mr. William Oliver, coal merchant, is said to have contracted for a new towboat.

The Coal City arrived at the wharf yesterday from McKee's Rocks, at which point she has been laid up for some weeks past.

—The Dubuque papers say a great deal about the flurry caused by the R. A. Babbage and barges, loading in direct competion with the great St. Louis and St. Paul Line. The Herald says:

"The Babbage arrived Monday night, and her appearance for another trip induced the agent of the K. N. Line to lower tariffs to 10c. per sack for grain to St. Louis, 17½c, to New Orleans, with the determined effort to run her out of this trade. Agent Lourey's tariffs are 12½c. ₩ cwt. for sacked grain to St. Louis, or 25c. to New Orleans. Even at these rates, higher than those asked by the other line, shippers are standing by the Babbage nobly."

—Capt. John Barrett has chartered the Coquette to take the place of the Hiram Campbell as a harbor tugboat at Cincinnati during the time that the Campbell is under the employ of the Government. The Campbell will remain with the dredge boat now employed in clearing the channel between Cincinnati and Louisville. The boats are engaged at Vevay at present in removing five sunken coal flats.

—The Cincinnati Chronicle of Monday says: Capt. E. H. Williamson, late of the Collier, was induced to come in from Milford this morning by sniffing a rise. He is in receipt of a letter which states that Capt. Charlie Matthews has bought the Collier, sunk at Henderson, and will at once commence wrecking her for her machinery, with the intention of building for it. Capt Matthews will be here in a day or two.

—Red River trade is almost played out at New Orleans. The Quickstep reports five and a half feet water on Caseyville Bar. On Shawneetown Bar, 6 feet on the lower crossing, and six and a half on the upper crossing at Henderson. There is a large snag lodged directly in the channel just above the Curlew coal tip, standing straight up.

—According to the Peoria Transcript, Mr. Patrick, of St. Louis, who owns a dredge-boat will take that boat up next week to dredge the Illinois at Peoria. The Peoria Elevator Company have agreed to pay Mr. Patrick $1,300 to secure them six feet of water when the river is down to low water mark. The necessary docking to keep the river clear will be done next season.

—The Kentucky Legislature at its last session passed an act making it a penal offense, punishable by imprisonment in the penitentiary, for the master of any steamboat to take wood from the Tennessee River without leaving a written notice signed by the master or clerk, stating how much was taken.

—The recent down trip of the Durfee, from Benton, was the best on record. Her cargo was a very valuable one, and her passenger list numbered 50. She brought down 70 tons of bullion and 115 tons of ore, besides a large lot of fur robes belonging to I. G. Baker, St. Louis, 6,000 robes, 1,000 wolf skins, &c.

—The Missouri is full of drift, and running out full at the mouth, and cutting into the bank on the Illinois side, doing considerable damage to farms in the vicinity, by carrying off their fences and submerging a part of their crop.

—The Susie Silver, according to rumor, is about sold to the Memphis Packett Company. Anchor Line, there being only $5,000 difference of opinion between the parties on Saturday. The sale of the LeBarge may stop negotiations as to the Susie.

—Parties from New Orleans have been in Memphis looking at the steamer Pat. Cleburn, with a view of purchasing her for the Red River trade. Nothing definite was accomplished, but it may yet result in a transfer.

—According to the Dubuque Herald, the merchants of Galena promised about 5,000 sacks to the Babbage, notwithstanding Commodore Davidson's offer to give them patronize his line of packets at forced reduced rates.

—The W. H. Brown arrived at St. Louis with her tow Saturday, and is waiting there till a tow of ore is loaded for her to bring around to the Ohio.

—The Dubuque Herald, of Thursday, says Commodore Davidson offered to take freight as low as 5 cents, while the Babbage was loading there.

—The Arkansas is down to 3½ feet below Little Rock, and scant 3 feet above there. The Ouachita and Red are high, but falling, and all the rest of the tributaries south are falling.

—The Flavilla is in the hands of the U. S. Marshal at New Orleans, at the suits of Wilson, Fagan & Co., and Sale & Murphy.

—The Ohio No. 4, was aground 6 hours on Rinnikinick Bar.

—The John Kyle left her cannon at Memphis for the Memphisites to celebrate the 4th with.

[For Latest River News see First Page.]

SPECIAL NOTICES.

Speedily Cured.—All Forms

of Venereal, Private and Nervous disease at the old established Girard Medical Institute, No. 172 Second avenue, between Smithfield and Grant streets, Pittsburgh, Pa.

NO CHARGE UNTIL CURED.

Syphilis, Stricture, Orchitis, Hernia and all Urinary diseases are cured in the shortest possible time that will insure permanent relief. Spermatorrhea, or Seminal weakness and Impotency, as the result of self-abuse or excess in maturer years, and which produce some of the following effects, as emissions, blotches, debility, dizziness, nervousness, dimness of sight, cough, indigestion, constipation, despondency, confusion of ideas, aversion to society, loss of memory, and sexual power, and which ultimately causing insanity and consumption, are thoroughly and permanently cured. Medicines supplied at the Institute. A medical pamphlet relating to private diseases sent in sealed envelope for two stamps. All communications confidential.

This Institute was established for the express purpose of supplying the afflicted with scientific and reliable treatment, and is not to be classed with the numerous quacks and impostors that infest all large cities. The proprietors have made the treatment of Private and special diseases the study of their lives, and can refer to thousands all over the country that have been benefitted and cured by their treatment. No matter how difficult or long standing your case may be, if curable, after a personal examination they will frankly tell you; otherwise, they have cured many cases given up by other physicians.

Patients treated by mail or express, but where possible, it is best to visit the city for personal consultation, or address

GIRARD MEDICAL INSTITUTE,

No. 172 Second avenue, Pittsburgh, Pa. Office hours 9 A. M. to 7 P. M. Sundays by appointment. au14:w3-d&8

IMPORTANT NOTICE.

Drs. Jordan and Davieson,

Beg to inform their friends, patients and the public generally, that owing to their increase of practice they are compelled, reluctantly, to discontinue their branch office in the city, and in future are to be consulted only at their HEAD OFFICE,

1625 Filbert Street, Philadelphia.

Just published: PRACTICAL OBSERVATIONS ON NERVOUS DEBILITY AND PREMATURE DECAY, being a synopsis of Lectures delivered at the great Institute of Anatomy, 807 Chestnut street, Philadelphia, to which is added an important essay on MARRIAGE, the whole illustrated with numerous interesting cases from actual practice. This interesting work will be forwarded on receipt of 25 cents, stamps. Address

DRS. JORDON & DAVIESON,

1625 Filbert street, Philadelphia.

All letters will receive immediate attention. Address 1625 FILBERT STREET, Philadelphia.

PRIVATE DISEASES.—OFFICE 194 PENN STREET, next door to the St. Clair Hotel. For the cure of all diseases of a private nature in from two to four days, by an entirely new and safe treatment. Also seminal weakness, impotency, and all other diseases of the genital organs, and their prevention. A cure warranted, or money refunded. His Diploma in the office, and is a regular physician of 20 years standing in this city, and has cured over 10,000 cases.

For circulars, etc. address DOCTOR W., 194 Penn street, Pittsburgh, Pa.

Office hours from 8 to 12 M., from 1 to 3, and 6 to 7 P. M., Sundays excepted. fe27:115

MANHOOD! WOMANHOOD!

"Books for the Million!" Who may marry, who not, Why? Impediments, causes and cure. Every father, mother, young man and young woman should read them. 100 pages. Sent in SEALED ENVELOPE: 15 cents each; both for 25 cents.

Address DR. WHITTIER,

HOME NEWS.

Summer Changes.

Any of our Readers who may desire to have the DAILY GAZETTE mailed to their address, out of town, during the summer months can be accommodated by leaving their names at our business office. Sent to any address for SEVENTY-FIVE CENTS a month.

Advertisers will greatly oblige us by handing in their favors early to-day, as we publish no paper on Saturday, and we are desirous to have all the advertising matter that accumulates at the close of the week in hand early for Friday's issue.

European Steamship Arrivals Yesterday.

A dispatch received at Max Schamberg's European Steamship and Telegraph office, at No. 163 Smithfield street, announces the arrival of the Hamburg line steamer Holsatia at New York; National line steamer France at New York; Cunard line steamer Batavia at Queenstown.

Homœopathic Dispensary.

During the month of June there were five hundred and four prescriptions issued and filled at the Dispensary of the Homœopathic Hospital on Second avenue. In the same month there were one hundred and thirteen visits made by the dispensary physicians, making a total of six hundred and seventeen prescriptions. The Dispensary is open from 11 to 12 A. M. and from 2 to 3 P. M., for all who are unable to pay a physician.

A Sterling Institution.

Pittsburgh may well be proud of the standing of her institutions. Among those that come in the first rank of her staunchest and truest, may be mentioned the Bank of Industry, which, under the able management of its Board of Directors, has been able to float upon the sea of success. It is gratifying to see that these institutions prosper, for it shows the sterling management of its officers, and that they are ever on the alert to the interest of the patrons, as well as the stockholders of the bank. This bank is situated at No. 110 Fifth avenue.

The Railroad Stocks.

A petition which is gaining many signatures from our tax-paying citizens, is being freely circulated. It asks Councils to appoint a committee of five, who shall be named in the petition, to commence legal measures to aid in recovering the city's railroad stock, which the petitioners think still belong to the city. There is a note to the petition guaranteeing that the city shall not be put to any costs in the suit—that responsible parties will give bonds to pay all legal fees incurred in case of failure in recovering the stocks.

Surgical Operation.

Yesterday, at Mercy Hospital, Dr. John Dickson, Senior Consulting Surgeon to that Institution, operated for stone in the bladder on a young man from Columbiana county, Ohio. The operation was one of more than ordinary difficulty on account of the size of the stone (calculus), which was too large to be removed through the incision as commonly made. It was, therefore, necessary to crush it and take it out piecemeal, which the Doctor did in the most efficient and successful manner. He was assisted in the operation by his sons, J. N. and J. S. Dickson, and by Drs. Emmerling, Purviance, McCoy and Brashear.

Correction.

We were in error in the paragraph prefacing the article published in our paper of Tuesday morning, headed "Allegheny Cemetery," in calling it a *report* presented at a meeting of the *Managers*. We should have said, "at (or, the meeting alluded to, was) the *annual meeting of corporators*. The Hon. T. J. Bigham was called to the chair, and at the close of the meeting delivered the interesting address—" we published.

Meetings of the corporators are annual only, those of the managers frequently, as the business of the institution may require.

We understand an extended history and report, from the managers, in relation to the affairs of the cemetery, past and present, is now in press, and will be published in a short time.

A Resident of Uniontown, Pa., Commits Suicide in Kansas City, Mo.

An Associated Press dispatch received last night states that on Tuesday last, Mr. J. F. Speer, of Uniontown, Pa., jumped into the river at Kansas City, Missouri, and was drowned. It appears that on the Friday previous he was drugged and robbed of several thousand dollars, and from that time up to the day on which he committed suicide he acted in a queer, strange sort of manner, indicating that he was laboring under a fit of mental aberration. There are quite a number of people of the name of Speer living in the vicinity of Uniontown, and perhaps this item may convey to interested parties information concerning the death of a friend or relative that they might not be able to obtain otherwise.

Cresson Springs.

The Mountain House at Cresson is now open for the season, and visitors who wish to take advantage of the cooling mountain breezes and all the health inspirations offered at this favorite summer resort, should secure their rooms without delay. The house has been thoroughly renovated, an artesian well has been put down, and every arrangement made for the comfort of guests. Already a large number of distinguished citizens from the Eastern and the Western parts of the State have secured quarters, and the season promises to be unusually lively. Among the other new attractions is a fine band of six performers from Philadelphia, which will be on hand for the first time on the Fourth, to properly celebrate the day.

Those who desire to engage rooms should address Mr. G. W. Mullin, Mountain House, Cresson Springs, or St. Cloud Hotel, Arch street, Philadelphia.

SHOT THROUGH THE HEAD.

A Prominent Business Man of New Brighton Commits Suicide.

Yesterday morning the residents of New Brighton were considerably startled by the announcement that a prominent merchant of the place had committed suicide. The victim was Mr. W. Kennedy, who was one of the leading dry goods dealers of the place. About six weeks ago he fell over the abutment of the railroad bridge and fractured his leg. This kept him in the house for several weeks, but he had about recovered from the injury, although it is thought his nervous system was somewhat shocked by the accident.

It is reported that he was pressed for money by some parties whom he owed. They had an interview with him on Tuesday night, and it is said they threatened to close his store unless the money was forthcoming on Wednesday morning.

Yesterday morning, about eight o'clock, Mr. Kennedy was in his room, when the report of a pistol was heard, and his friends, upon rushing to the spot, discovered that he had shot himself in the forehead, from which death instantly ensued.

There was great excitement in the town over the matter during the day, and it is to be fully investigated.

MURDEROUS AFFRAY.

A Man Dangerously Stabbed on Liberty Street—Arrest of the Perpetrator—Remanded to Jail Without Bail.

Yesterday evening Thomas Thompson appeared before Alderman Taylor and made an information against John Miller, charging him with a deadly assault upon his son John Thompson. It appears that the two Thompsons got into a dispute with the man Miller at his boarding house, corner of Twelfth and Liberty streets. During the melee which ensued, Miller was rather roughly handled, and it is stated by him that he drew a knife and in self-defense stabbed the younger Thompson in the groin. After the man was stabbed the fight ended. Thompson's father had the injured man taken to his home on Forty-fourth street, and had medical aid summoned. Miller, who is a railroad laborer, can speak no English. He was very reticent, and had nothing to say in regard to the affray before the Alderman.

Dr. Clark, the physician who is attending Thompson, stated that the man is in a very critical condition, as peritonitis is liable to set in, the knife having penetrated the intestines. Upon this statement the Alderman refused bail, and Miller was remanded to jail to await the result of Thompson's injuries. In searching Miller at the jail, a pocket knife with a blade stained with blood, was found in his possession. It is supposed that he used this to do the stabbing with.

GUARDIANS OF THE POOR.

Regular Meeting Yesterday.

A regular meeting of the Board of Guardian of the Poor was held yesterday afternoon, at the office on Fourth avenue. The members present were Messrs. Arthurs, Beck, Boggs, Douglass, Fitzsimmons, Hays, Kincaid, and Torrence.

The minutes of the last two meetings were read and approved.

The report of the committee appointed to examine into and have repaired the roof of the almshouse, which cost $209.90, was approved, and a warrant ordered to be drawn for that amount.

The opinion of James I. Kuhn, Solicitor of the Board, in relation to the application to the Board of Guardians of this city of the law recently enacted requiring that regular reports from all persons having charge of the poor should be made to the State Board of Charities, was submitted and on motion received. The solicitor gave it as his opinion that the Board was included in the provisions of the act, and for non-compliance was liable to the penalty imposed therein.

The report of Thomas Chess, Superintendent of the Poor Farm, for the month of June is as follows: Number of inmates of the institution on the first of June, males, 130; females, 84. Total, 214. Admitted during the month, males, 21; females, 19. Total, 40. Discharged, run away and died during the month, males, 28; females, 14. Total, 42. Remaining in the house on the first of July, males, 123; females, 89. Total, 212. There were six deaths in June and a net decrease of but two persons.

A number of bills and physicians reports were presented and approved, and warrants ordered to be drawn for the payment of the former.

On motion, the Board adjourned.

FAREWELL TO COLLEGE.

Beaver's Sensation of the Past Week—The Closing Exercises at the College—Tuesday the last and Liveliest day—Dedicatory Services at the Hall—The Commencement Exercises—A crowded House and a Spicy Programme—Winding off at the Levee—College Associations Severed—Adieux.

"COMMENCEMENTS" in the rural districts are said to be pleasant always; or rather in the language of an enthusiast of the gentler type they are proverbial for being "just perfectly elegant." It was an assurance of this character that induced an adventurous scribe, with a friend, to journey Beaver-wards on Tuesday to take a hand in the "elegance" of the exercises that have been engaging the attention of the townspeople for the past week, and which have been incidental to the closing of the eighteenth year in the history of Beaver College and Institute. To the twain the peculiar felicity of the occasion at the outstart was doubly enhanced by the refusal of the courteous conductor to stop the train at the proper station. Two "country miles" away from the destination in view, with about half a dry goods box of flowers on hand and the only outlook ahead, that of being transformed into pack horses for the transportation of the fragrancy, over a dusty road and under a smiling and very ardent July sun—such a combination of fortuitous circumstances is very conducive to meditation, and the metaphysics of profanity are likely to be singularly attractive. Time, however, and necessity, and a reasonable amount of vitality will generally bring all such matters even,—as was the result in this case,—and thus it came that the twain at last sealed the heights of Beaver, in season to have a couple of hours ahead of them, to bind up their wounds of body and mind, to recover partially from the parboiling suffered in their perambulations, and to restore a mental serenity in consonance with the happy spirit that seemed to everywhere prevail.

Under ordinary circumstances it would be unpleasant for one to hear that his coming had been "rather late," but there are times, and this was one, when the intelligence that a part of the "feast of reason" was over came as a soothing balm, for it brought the end nearer. It seemed that the College people, not satisfied with providing a "Young Folk's Entertainment," and "Class Exercises," and an "Alumni Reunion," and an "Annual Concert," with other minor exhibitions, had reserved for the last day, as Barnum says, two "crowning triumphs of their managerial lives." One of these was the Hall dedication—the other the Commencement proper.

THE NEW COLLEGE HALL,

the dedication of which was set apart for Tuesday morning, was looked upon with more than ordinary interest, inasmuch as it marked a new epoch in the college's history, and seemed to give evidence of greater future prosperity. During the past year or so, the artisans have been busy at the college, and the result of their labors is a five-storied brick addition to the old building, which has increased the capacity of the school so that eighty additional pupils can be accommodated the next term. The addition cost $30,000, one-third of which was contributed by one of our business men, Capt. John F. Dravo, and the remainder secured principally through the example of his munificence and his personal effort. The structure now presents a sort of modernized Norman architectural appearance, and is about as handsome and imposing as can be desired in a college building.

The hall is located in an upper story of the new wing. It is not large, but is well lighted and ventilated, and furnished with memorial windows, frescoes, and in a style to make it very attractive. Its dedication, served as a re-dedication of the whole building to educational purposes. The dedication hour was fixed at ten o'clock. Those who were there concur in the opinion that the audience in attendance might have been larger, but the exercises hardly more interesting. The speakers announced for the occasion were Rev. Bishop Simpson, Rev. Dr. E. O. Haven, Chief of the Educational Board of the Church, and Captain Jno F. Dravo. The first and last gentleman appeared in time, but of course it would never do to have the programme carried out to the letter, and so Dr. Haven failed to make the haven of Beaver, and it was necessary to proceed without him. In doing so, the choir first filled up the time musically with three anthems, which were succeeded with prayer by the Rev. Dr. Hunter, of the Pittsburgh *Christian Advocate*.

THE HALL DEDICATED.

Then came forward Mr. Dravo with one of his impromptu characteristic addresses, in which he had a good deal to say complimentary of "Beaver City" and not much less of Beaver College, and something of the importance of female education, and lastly of the pleasure it gave him to hand the institution over to the Bishop for dedication. This gave the Bishop an opportunity to first lead the people in a brief dedicatory exercise according to a formula of his own, and then to address them for about an hour on the uses to which the building was to be devoted. The Bishop spoke of female education in general and gave the pupils some wise counsel in reference to the best means of taking advantage of their opportunities, so as to acquire the greatest good from their collegiate training. In the development of his theme he was led somewhat into metaphysical dissertations upon mind-growth. Delivered before a very critical audience of ministers and students and lay-people, it was universally pronounced worthy of the speaker's fame, and that is a sufficient endorsement of the intellectual treat afforded.

After the address half an hour was whiled away in collecting about $800 to pay for a $1,000 window dedicated to the Alumni, and which adorns the rear wall of the Hall. This part of the services was highly entertaining—to those who took in the funds,—but the other side didn't seem to relish it so well, and all were glad when they were permitted to depart for dinner.

The afternoon was occupied by the alumni association with a business meeting, the older folks with delicious snoozing, and by the younger with promenading and social courtesies incidental to the felicitious inspirations of the occasion.

There were at last several indications that the Commencement exercises proper were near at hand. First, by the general rustle within the sacred precincts of the college walls, like the twittering of birds when excitement inspires them; and second by the appearance of some life and animation in the streets of the beautiful town—for it is one of the loveliest Summer retreats eyes ever looked upon.

GATHERING FOR "COMMENCEMENT."

"Time and tide," it is an old saying, "wait for no man;" but not so much could be said of the young performers, for they were compelled to wait for the men and women and children to gather. Professor Taylor, who has charge of the College, was quite emphatic in his announcement that at six and one-half o'clock sharp, the exercises must begin. Several misguided visitors gathered at the exact time and had the happiness of noting the movements of a frisky janitor and calculating the chances for his falling from his ladder and furnishing a subject for the Coroner, while turning on the oil lamp lights. He preserved his equilibrium with remarkable facility, however, and disappeared into an anteroom just as another party arrived and selected seats. It was interesting to observe them come by twos and threes and larger parties, for the next hour, until all the available seating capacity of the hall was occupied and those who came after found standing room only. Dr. Taylor at half-past seven o'clock was seated upon the stage, upon which also places had been provided for a dozen ministers, the graduating class, the vocalists, and the musical instruments. The graduates occupied the front semi-circle of seats and were arrayed in white, all except one independent female who proclaimed her liberty, by graduating in a corn colored silk, with all the necessary furbelows of black lace trimmings, &c.

When the eagle vision of the Professor had assured him by ocular demonstration that the audience had fully gathered, he stepped to the footlights, threw the radiance of a benign smile over the audience, requested order, close attention, and no leaning of heads with bear's grease against the newly painted walls during the performances, the first of which was a piano duett, "Louevenier de Pesth" by the Misses Lide French and Mamie Holmes.

Rev. Mr. Morton of the Erie Conference followed with an impressive and very appropriate prayer.

THE PROGRAMME

was then gone through with in the following order: 1. Essay—Our Longings, Miss Minnie Augustine, Addison, Pa.; 2. Essay—The Real and the Ideal, Miss V. Miller, New Brighton, Pa.; Quartette—Fairy Whispers, Messrs. Putney and Wilson, and Misses Young and Howell; 3. Essay—Our Boat is Launched, but where is the Shore—Miss Jennie Coffin, Rochester, Pa.; Piano Solo—The Loreley, Miss M. Augustine, Addison; 4. Essay—The End is not Yet, Miss J. Warren, Philadelphia, Pa.; Vocal Solo—The Night Winds Sigh, Miss Emma Patterson, Bridgeport, Ohio; Piano Solo—Come Back to Erin, Miss Eva Loomis, Meadville; 5. Essay—"Oh! wad some Power the Giftie gie us, To see oursels as ithers see us," Miss M. McCormick, Steubenville, Ohio; Vocal Solo—Oh! what hopes, Miss M. M. Young, Monongahela City; 6. Essay—"Soul Bell's," Miss Lora B. Shields, Bridgewater, Pa.; 7. Essay—"The Two Crusades," Miss R. Gist, Wellsburg, W. Va.; Vocal Solo—Good Night My Sweet, Miss Lide French, Beaver, Pa.; 8. Essay—Valedictory—"They enjoy the sunshine most who've shivered in the shade," Miss Mamie Holmes, Allegheny City.

At the conclusion of the valedictory the young ladies arose, when Dr. Taylor, holding an armful of parchments, delivered an address to the class, which was chiefly characteristic for its brevity and earnestness. Each member was presented with a diploma. It was announced that the Misses Holmes and Shields were the graduates in the classical course and the others in the English. The exercises were then concluded with a Piano solo, "Fantasia on Oberon" by Miss Mamie Holmes.

A WORD OF COMMENDATION.

As to the general character of the performances it is but the truth to say that they were much above the average. If Brother Clark of the *Recorder* had been there certainly he would have been gratified at the absence of "toploftical abstractions" and the presence of vigorous common sense and practicality which was apparent, more or less, in every essay. If it was not bordering on the invidious it would be but just to say that Nos. 5 & 8 seemed to find the heartiest appreciation from the audience. The first for its incisive sarcasm, hearty hatred of sham, and trenchant style, the second for purity and elevation and originality of thought, and for grace and felicity of diction. The valedictory words of the latter were especially effective and made a marked impression upon the audience as well as classmates and teachers.

No. 6 was also very good—but where all did so well, each with some especial excellence, it is hard to make comparisons. The hearers made their own and the generous applause and floral testimonials so profusely scattered about, indicated that all came in for a share of praise. If space were not so precious, the music too would come in for commendation, but that for the time must pass.

Of course the services would never have been complete without a presentation scene, and it was brought up at the right time—just before the dismission. Dr. Taylor was the surprised recipient; the gift a gold headed cane from the class of '73; the presentation speech, humorous, by the Rev. W. H. Locke, A. M., and the reply by the tutor himself. Then the curtain was rung down, and when it rose again the scene was changed and inscribed.

"THE PRESIDENT'S LEVEE."

If the reader will imagine the College illuminated from cellar to observatory, the grounds around brilliant with Chinese lanterns, the President's house and grounds across the street similarly radiant, "open house" everywhere—a kaleidoscopic throng of promenaders winding here and there, through halls and corridors and class-rooms, in the house and around the grounds—a laughing, chattering, pleased and thoroughly social throng, with music up stairs and refreshments in abundance down in the dining hall—in short, a general outpouring of people on pleasure bent—an idea better than words can give it, may be had of the *finale*, which was enjoyed until after midnight.

Perhaps with a reckless disregard of the plain saxon, it may be conceded that rural commencements are "just perfectly elegant." Whether this one would answer to that comprehensive description may not here be written; but it will not transgress the lines of accuracy to say that the Eighteenth Commencement at Beaver was eminently enjoyable, and one, that by those who made it such, can right worthily be recalled with pride and pleasure, long after they have passed beyond the bloom and beauty of youth's verdurous shore.

BREVITIES.

....Music in the Allegheny Park this evening.

....The Allegheny police force smiled benignently as they received their salaries for June, yesterday.

....J. H. Fisher, has been discharged, he having settled all his little bills, and so all informations have been withdrawn.

....William Anschutt's horse, attached to a buggy, ran away on Western avenue, Allegheny, last evening. The vehicle was demolished.

....The Committee on Engines and Hose, of Allegheny, met last evening and approved the pay roll for the past month, amounting to $2,612.

....In the case of James Smith, who was drowned in the Allegheny river on Tuesday night, a verdict of accidental drowning was rendered.

....The Pittsburgh police received their "ducats" yesterday, and were happy. They will now raise a corner in Fourth of July excursion tickets.

....On Saturday the steamer J. Sharp McDonald will be sold at United States Marshal's auction at ten o'clock A. M. The boat is now lying at the Monongahela wharf.

....Rev. J. W. Bain was installed pastor of the Third U. P. Church, Allegheny, last evening with appropriate exercises in accordance with the programme heretofore published.

....A single scull race will take place tomorrow morning on the upper Monongahela course, between Rinehart Herbster, and Frank Denmarsh. The stakes are two hundred dollars a side.

....A mammoth childrens' jubilee in Allegheny Park is proposed by the Park Commissioners, to come off some time in August, in which the children of the schools throughout the county are to participate.

....Our readers contemplating leaving the city would do well to consult the summer timetables of the respective roads, as many changes of arrivals and departures of trains are announced in our advertising columns.

....The Literary Society of the Normal school at Mansfield, gave an entertainment at that place on Monday evening which was quite a success. The programme which seems to have been quite interesting, reached us too late for publication.

....A workman, while digging at the foot of an embankment between Pennsylvania avenue and Stewart street, near Manhattan street, Allegheny, was buried yesterday afternoon by the embankment caving in on him. He was rescued alive, though somewhat scared and bruised.

....Two little boys named Willie and Lewis Cochran, brothers, aged 7 and 8 years, have disappeared from their home on Washington avenue, Allegheny. They disappeared on Sunday last, since which time nothing has been heard of them. Information in regard to them can be left at the Mayor's office.

....A couple of nice young men are playing a light trick on the innocent inhabitants of Lawrence county. They offer to exchange old feathers for new, and leave a small amount of money as security for their return, after receiving the old feathers. Everybody that has trusted them is still waiting for their new feathers, which, alas, never come.

....The following is the report of the local inspectors, J. R. Neeld and G. H. Atkinson for the quarter ending, June 30, 1873. Passenger boats inspected, 6; ferry boats, 2; towboats, 18. Total tonnage of boats inspected, 4,474 84-100. Number of licenses issued to masters, 37; to mates, 25; to pilots, 28; to first engineers 41; to second engineers, 31.

....Giles A. Foulkes and John Moore, the man and boy who were committed to jail for causing the death of the little boy Harry Young by rolling a stump down the hill in the Seventh ward of Allegheny, on Sunday last, will be released from prison on each giving bail in the sum of $5,000, that amount having been fixed yesterday in the Criminal Court.

....An affidavit was filed yesterday in the Prothonotary's office by Messrs Brown & Lambie, on behalf of Thomas Holman, in an action for slander against Wm. Love. The complainant avers that the defendant circulated reports to the effect that he had planned the robbery of a horse and wagon, in which he (Love) was concerned, which was wholly false and untrue, and that he has suffered damage to his character in consequence thereof.

....The first Sabbath school and Congregational picnic of the Central U. P. Church, Allegheny, took place at Monitor Grove yesterday, and notwithstanding the weather was very unpromising early in the day there was a large attendance, fully six hundred. Everything passed off pleasantly. There was plenty to eat, good music, rendered by the Callow band, and nothing transpired in any way to mar the festivities of the occasion.

....The July number of the *People's Monthly* is out. This excellent home journal is equal in every respect, if not superior, to former numbers, and as usual is filled with interesting and instructive reading, and profusely adorned with entertaining illustrations. "The Belle of the Season," a pleasing pastoral picture of merit and force, graces the first page. "The Fourth of July Oration" is an illustration and a sketch particularly appropriate just now.

....During the late "Local Option campaign" the Temperance Committee of this county offered a beautiful silk flag to the ward or township polling the largest majority against license. The Second ward, Allegheny, was the successful contestant, and this evening the presentation will be made in the First Presbyterian church, Allegheny, (Rev. Dr. Swift, pastor), Rev J. W. Bain making the presentation speech, and Col. John Glenn receiving it on behalf of the ward.

....The Union Bridge Company seem to mean business. They are now receiving proposals for the stone work that will be necessary and have secured already seven bids from as many of the prominent masons. The capital stock of the company $100,000 has all been subscribed and the books closed. The bridge will terminate on the Pittsburgh side at the Point, and on the Allegheny side at Grant avenue. It is desired to push the work forward as rapidly as possible.

....Tuesday evening the Fourth ward Temperance Alliance held a meeting in the First Methodist church, Allegheny, the occasion being the First anniversary of the Society. The annual report was read, showing what had been done, by the President, Thomas H. Rabe, Esq. Col. John Glenn made an address and the following Board of Directors was chosen for the ensuing year. Messrs. Carr, Scott, Boyd, Bradley, Rabe, and Revs. Messrs. Westfall, Robinson, Moore and Boker.

PERSONAL.

***Mayor Starkweather of Williamsport, Pa., is in the city on a brief visit.

***President Grant dined yesterday at the Union Depot Hotel. He was *en route* for Washington from Cincinnati, where he had attended his father's funeral on Thursday.

***Deputy-Mayor John S. Hollingshead yesterday sent in his resignation to Mayor Blackmore and Matthew Grier, Esq., Alderman in the Thirty-sixth ward was appointed to fill the vacancy.

***Col. John G. Barr and lady, who have been spending some weeks among friends in the West, returned yesterday in fine health and have resumed their wonted office of host and hostess at the Central Hotel.

***Rev. John S. Miller, of Baltimore, formerly rector of All Saints church in this city, is spending a few days among his many attached friends here. Until Friday he may be found at the corner of Thirtieth and Mulberry streets, in his old parish.

Fireworks for the "Fourth."

Proclamations may be issued and police regulations be in a measure enforced against a display of fireworks on the Fourth, but the ebullition of American patriotism cannot be repressed, and young as well as old America must be allowed to give some expression to the exuberance of its feelings. In view of this fact Mr. J. H. Johnston, of the Great Western Gun Works, desires to call the attention of those wishing to enjoy a day's sport with the powder and ball, to his superior assortment of fine powder, pistols, rifles, guns of all kinds, &c. The powder is of the best description and the guns of the best manufacture, and the pleasure of shooting can be fully appreciated with such material. The works are located at No. 179 Smithfield street, and those who want to intersperse their other jollifications with fire arm practice should drop in there and get a good supply of what they need.

The Portland (Oregon) *Bulletin* says: "Work on the Pacific Division of the Northern Pacific Railroad is being pushed as fast as human skill can do it. There are 1,150 persons employed in grading the road near Tenino and vicinity; of this number 250 are white men, the remainder being Chinese. The grading is being pushed forward rapidly, and an effort will be made henceforth to increase the amount of work done in a day. There are 450 horses now employed in this department, and they are reinforced next week by 50 head of mules, which are coming from Walla Walla. A large quantity of wheat is also coming down the Columbia for use on the road, as Mr. Montgomery, the contractor, prefers it, we believe, to oats for feeding animals, as it is much cheaper and equally as good for food. This road once finished, the adjoining Territory will advance rapidly in wealth and population."

Money! Money! Money!

A ready-made fortune is waiting for somebody at Louisville, Ky. The management of the Grand Gift Concert in aid of the Public Library of Kentucky, have on deposit in the Farmers and Drovers Bank, in that city, *a half million* in cash, which will be distributed by lot among the ticketholders on the 8th inst.

They have the certificate of a responsible bank that it holds the money to pay the gifts in full, and an investmentment of ten dollars, the price of a ticket, gives a chance for $100,000, $50,000, $25,000, $20,000, $10,000, $5,000, &c. Tickets nearly all sold. Saturday evening, 5th inst., will be your last opportunity.

Prepare for the Fourth.

Go to Beaven's, Allegheny city, for your fruits, nuts and candies, with which to render yourselves comfortable on Independence day. He has an extensive and very excellent assortment of goods in his line, the freshest and purest to be found in either city.

Give him a call, and if you are not pleased with the quality of his goods and prices, then you are over-nice indeed.

Chintzes, Percales and Grenadines.

Great bargains in the above at Hugus & Hacke's closing out sale.

Fifth Ave. and Market St.

GRAND JURY PRESENTMENT.

What is Known About Police Magistrates—The Work House Approved—The Court House "A Thing of Shreds and Patches"—"Can Such Things Be and Overcome Us Like a Summer Cloud"—Demolition of the Court House and Jail Recommended.

Below we give the presentment of the Grand Jury made yesterday afternoon in the Criminal Court. It is decidedly rich, and will prove not only interesting but very refreshing reading for such warm weather. It goes for existing abuses in an energetic and forcible style, and, if such a thing were possible, it ought to bring the blush of shame to the cheeks of those men who know they are engaged in the unlawful practices referred to.

To the Honorable the Judges of the Court of Quarter Sessions of Allegheny County:

The Grand Inquest for the County at June term, 1873, would respectfully make their presentment as follows;

That they have passed upon 350 indictments brought before them, of which they have returned 241 true bills and ignored 109.

It is to be regretted that under our present laws our Mayors, Aldermen and Justices of the Peace use their offices as machinery to extort from the unfortunate—upon the most trivial charges—such costs, that, did our good citizens but know it, would cause them to exclaim: "Can such things be, and overcome us like a summer cloud without our special wonder?"

ETERNITY AND DISORDERLY CONDUCT.

For instance, disorderly conduct, which, to comprehend, is like eternity, having neither beginning nor ending; anything a policeman choosing to swear to being construed to be disorderly conduct, for which a fine, ranging from five to fifty dollars, is imposed, and in some instances the party returned to court to be tried for assault and battery, or some other minor offence, and additional costs piled up by the magistrate.

Again, cross suits for assault and battery are returned by an Alderman, the evidence to sustain the case being so ridiculous that the Grand Jury ignore the bills and order each party to pay the cost, and yet that official's charges amount to the modest sum of some twenty dollars.

These are samples of nine-tenths of all such cases as are usually brought before the Grand Jury. How long, we ask, shall it be until our Legislators will remedy this great crying evil by passing such laws as will put "the right man in the right place," and give sufficient competence to those in authority to enable them to live without resorting to the base, unmanly and revolting system of preying upon the poor and needy for a livelihood?

We do trust and pray that our Constitutional Convention will so amend our organic law that this great social evil in the body politic shall be forever eradicated.

PERSECUTING LIQUOR SELLERS.

Another great evil which to us looks like persecution, is the manner in which prosecutions are brought against those who violate the liquor law. We at the same time disclaiming all sympathy with those who wilfully abuse their privileges as licensed publicans.

A party is indicted for selling liquor to minors. Six young men go into a saloon, either one of whom may to any one of ordinary judgment, appear to be over twenty-one years of age. They are each furnished with a glass of beer and retire quietly, when, lo and behold, the spy is around. Information is made, and six different indictments are sent up to the Grand Jury against the party, who, from an error of judgment and not with intent to violate the law, has furnished the beverage. Why is this done? Would not one indictment be sufficient? Does the tax-payer gain or lose by the transaction? Every day a jury is impanelled costs our taxpaying friends something, and what is the benefit to the community by such proceedings?

To men of reflection we leave the answer.

HOW'S THIS FOR HIGH?

In accordance with the usual custom we visited the county jail and county workhouse. Of the latter we have little to say beyond commending in the highest terms the management. The Board of Managers, composed of gentlemen of sterling worth, intelligence, and imbued with the strongest sentiments of regard for their fellow men, have endeavored, so far as our observation extended, to make the home of the unfortunate as comfortable as possible. We regret to say that in the original plan of construction, the cells are entirely too small, but light and ventilation is all that could be desired, and should any additions be projected we would recommend to the Board of Managers to add considerable to their dimensions. Good discipline, cleanliness and cheerfulness (as much as convicts can be cheerful) were observed and few complaints are made by any of the inmates.

INTOXICATION AND REPEATERS.

The Board of Managers called our attention to the fact that many of the prisoners arrived in "a beastly state of intoxication" but without any knowledge on our own part. We would merely refer the matter to the Honorable Court to take such action as it may deem proper. They also complain sadly of our Mayors, Aldermen and Justices of the Peace in their commitments of what are known as "Repeaters" sentencing them for terms of fifteen or thirty days instead of what the law prescribes and that the insane and infirm are frequently committed when there are no adequate accommodations for them. They alleging, and with good reason, that if the county expects the institution to be a self-sustaining one the proper facilities must be granted.

It is a notorious fact, that parties committed for the first time, say thirty days, unused to the particular branches of manufacturing carried on in the prison are of little use during their term, but being returned frequently become experts and are not only self supporting, but a source of revenue to the county. To George R. White, J. T. Fleming, and W. J. Anderson, Esq., Managers, H. Cordier, Esq., Superintendent and Sheriff Hare we return thanks for their extreme courtesy in furnishing us every facility for inspecting most minutely every part of the Institution.

CONDEMNING THE JAIL.

Of our county jail, the less said the better. *As far as possible* warden Smith deserves credit for his endeavors to keep it clean; but for a habitation for human beings, he who designed it must have had a vision of the infernal regions, and profited accordingly. Such another prison exists not on this earth. The Black Hole of Calcutta was a paradise compared to some of the cells we saw. Neither light nor ventilation! Any physician of prominence would say that six months' confinement in such a place would sow the seeds of a fatal disease, if not entirely kill the strongest constituted frame in our community. In a cell eight feet by ten we found six American citizens of African descent who, as the day was extremely warm, were perspiring profusely, and no wonder. A hole of a few inches square gave them sufficient ventilation according to this master architect, who planned the structure. May his tribe not increase. A poor wretch under sentence of death for imbruing his hands in the blood of his fellow man, from causes known only to Him who made us, is closely confined in a cell not fit for a dog kennell, and yet within two hundred yards there stands edifices dedicated to the Great Father of all, whose greatest attribute is love.

PHILANTHROPICAL ALLEGHENY COUNTY.

Well may the great county of Allegheny, with her boasted philanthropy, her three or four hundred churches, her thousands given annually to send missionaries to the poor, benighted heathen in the remotest parts of the earth, proudly exclaim, as she points to the place we have described, come and see what Christianity and her handmaid civilization have done in our midst. We recommend in most emphatic terms the entire demolition of the structure, together with the court house, both things of "shreds and patches," and in their place erect such buildings as the prospective wants of this the fifth wealthiest county in the United States may require. To taxpayers this may look astounding, the cost amounting to between two and three million dollars, but let us reflect. The work house is about completed and most probably will be (as the managers think) self-sustaining.

FIGURING IT UP.

The revenue from licenses, three-fourths of which goes into the county treasury and heretofore applied to the workhouse amounts annually to, say $200,000. We therefore recommend that the necessary legislation be obtained authorizing the county to issue bonds running from one to two years for the amount required to erect the buildings, and that the revenue derived from licenses be applied to their redemption, as they mature. Taxes to be levied to meet the interest which necessarily decreases every year. We recommend the erection on the south side of the Court house of a building of a temporary character for the accommodation of the Register of Wills, and that the office now occupied by that functionary be turned over to the Recorder whose offices are found entirely inadequate to the business required to be transacted.

THANKS.

To the Assistant District Attorney, J. B. Flack, Esq., we return thanks for his courteous department, and would say that his greatest aim and desire seemed to be for the interests of the county, endeavoring by every means in his power to facilitate the public business.

A large number of cases brought before us were charges of larceny by bailee, a majority of which were of the most trifling character, and nearly all of them being cases of Trover or Replevin and not criminal cases. The large number of such cases ignored, imposes a heavy cost on the county, and all owing to the ignorance or incapacity of the magistrates who take as criminal charges cases where civil proceedings should properly be instituted.

The Grand Jury would, therefore, earnestly recommend that proper legislation be secured, authorizing and empowering the Grand Jury to dispose of the costs on ignored bills of larceny by bailee as in cases of misdemeanor.

Cholera may be prevented by the judicious use of DR. HARRIS' CRAMP CURE.

TELEGRAPHING.

A Reduction in Rates by the Western Union Company.

With the beginning of the present month the Western Union Telegraph Company put into effect their new schedule of rates which they have been arranging for some time past. The new schedule in the average shows a reduction of rates 35 or 40 per cent. all around, and is highly favorable to the interests of our business men. Some idea of the reduction made can be gathered from a glance at the following tables of comparison which give only a few of the most important points. It should be remembered that the rates here given are for ten words.

	Old rate.	New rate.
Montgomery	$2 25	$1 25
Little Rock	2 55	1 25
Bridgeport	1 10	75
Dover	1 10	75
Cairo	1 50	1 00
Hobart	1 30	75
Dubuque	1 60	1 00
Baton Rouge	2 55	1 00
New Orleans	2 00	1 50
Janesville	1 40	1 00
Detroit	85	50
Kansas City	2 10	1 25
Buffalo	75	50
Niagara Falls	75	50
Mayville	75	50
Cleveland	65	40
Erie	65	40
Tallahassee	2 55	1 25
Macon	2 10	1 00

There is a proportionate reduction in the local rates. Points within twenty-five miles of Pittsburgh have been reduced from thirty-five cents to twenty-five cents for ten words, and to all points over twenty-five miles away and within fifty miles of Pittsburgh, from forty-five cents to thirty cents. This liberal policy on the part of the Company will be duly appreciated. It seems to indicate that the Company is desirous of rendering to the commercial classes the largest possible amount of service at the lowest possible cost. We ascribe this judicious action to the wisdom and high administrative ability of Hon. Wm. Orton, and his present policy and management will stand in refutation of the charge that the Company as a great monopoly, desires only to take advantage of its position to reap a rich harvest, regardless of the interests of others.

THE FOURTH.

How and Where to Spend It—Delightfully Profitable and Without Expense.

Get free tickets at the Homestead Bank and go with your friends to Homestead Park, on the Panhandle Railroad, or to Homestead Terrace, on the Allegheny Valley Railroad, and spend the day or part of it, picnicing and in examining the grounds in making selections of sites for your homes. Officers of the bank will be at each place to show the property and give lowest prices, &c.

Tickets good on any train.

THE PRICE OF LOTS

AT HOMESTEAD PARK.

Cut This Out and Take it Along When you go on Excursions to Lot Sales.

The standard size of a Homestead Park lot is 80 feet front and 150 feet deep. Just *five times* the size of a "regulation" lot 24 by 100 feet. The prices fixed on those "little farms" at Homestead Park ranges from $600 to $1,500, in 10 equal payments *without interest*. The average being about $1,000, if sold "with interest" at 6 per cent. The price of a $1,000 lot is, say, $780, or $156 for a lot of 24 feet front by 100 deep, but this takes no account of any of the other special features of the Homestead Bank's terms, to wit: free Life Insurance, second mortgage from those who build, and 8 per cent. per annum interest allowed for money paid in advance, which together may fairly be claimed as worth *at least* 20 per cent. of the nominal price of the lot which is thus reduced to (say) $125.

If Homestead Park was cut up into lots 24 feet by 100, the price would be but $156 per lot, on the "ordinary liberal terms" *required* by other people at other places.

And when anybody wants you to bid three to five hundred dollars for that kind of lots, tell him you can buy such lots at private sale on his terms at Homestead Park for less than half the money, and you can do it.

And when you are admiring the beautiful scenery, where some worse than Vandal has "laid out" a plan of 20 or even 24 feet lots, remember that when *that* town is built up (it that time ever comes), all that natural beauty will be obliterated, and remember also that a Homestead Park *this will not be so*, for it is the *only place* in Allegheny county in which the streets and avenues are laid out as to preserve the natural beauty of the situation, and in which the lots are so large as to prevent the houses being built together in "rows," shutting out the view from each other.

No attempt is made here to describe or praise Homestead Park, because the entire vocabulary of encomium has beenexhausted, and has lost its significance through the late absurd and extravagant descriptions of places no more like Homestead Park than a piebald goose is like a swan.

Those who wish to see Homestead Park and judge for themselves, are invited to call at the bank and get tickets for themselves and friends and spend a part of the "Fourth" inspecting the ground on which will shortly be seen the HANDSOMEST SUBURBAN VILLAGE IN AMERICA. Tickets good on any train."

A Good Arrangement for the Fourth.

Combine business and pleasure—go to Homestead Park, or the Terrace, and select a site for your home. Make up a party of mutual friends who think of settling in a rural place and have a good time at the same time. Free tickets for the excursion can be had at Homestead Bank, 116 Smithfield street.

Business and Pleasure

May be combined on the Fourth by visitors to

HOMESTEAD PARK
or
HOMESTEAD TERRACE.

Officers of the Company will be at each place to show the property and give lowest prices to those who may wish to purchase.

Free tickets to either place may be had at the Homestead Bank.

Business and Pleasure

May be combined on the Fourth by visitors to

HOMESTEAD PARK
or

Fifth Ave. and Market St.

DISCIPLINE THE LIVER.

The liver is truly an "unruly member." Sometimes it is torpid and secretes too slowly, at other times it is unnaturally active and sends forth a perfect freshet of bile. Regulate this organ with Hostetter's Bitters, not with calomel or blue mass. Mineral excitants, in stimulating the liver, poison the blood, and their ultimate effect is terrible. The Bitters, on the other hand, have a vitalizing and purifying, as well as a stimulating effect. They not only regulate the flow of bile, but infuse new life into the whole system. A good appetite and perfect digestion, a regular, natural habit of body, a sound condition of the nervous system, vivacity of spirits, increased bodily strength and power of endurance, and refreshing sleep are among the blessings they promote. The temperature of summer is a severe tax upon the digestive and secretive organs, and the Bitters are never more indispensable than at this period of the year.

MARRIED.

JORDAN—GRIBBIN—On Tuesday, July 1, 1873, at St. Philomena's Church, by Rev. Father Beck, Mr. C. J. JORDAN and CATHARINE GRIBBIN, both of Pittsburgh, Pa.

TAYLOR—HAMILL—On Tuesday, July 1, at 8 P. M., at the residence of the bride's mother, by the Rev. Thomas Sproul, assisted by Rev. J. W. Sproul, Rev. J. C. TAYLOR and Miss MARY J. HAMILL.

DIED:

McKEE—At his residence, No. 72 Western avenue, Allegheny, on Tuesday evening, July 1, at ten minutes past 7 o'clock, THOMAS McKEE, in the 82d year of his age.

Funeral will take place from his late residence TO-DAY (Thursday) at 2 o'clock, P. M. The friends of the family are respectfully invited to attend.

[Harrisburg papers please copy.]

BLISS—On Tuesday evening, July 1, at 8 o'clock, WILLIAM HENRY, infant son of Frank and Alice Bliss, aged 8 months and 7 days.

Funeral at 9½ o'clock THIS (Thursday) MORNING, from the residence of his parents, No. 142 Twenty-fourth street, East Birmingham. The friends of the family are respectfully invited to attend.

KREBS—On Tuesday evening, July 1, at 6 o'clock, NICHOLAS, infant son of Otto and Mary Krebs, aged 10 months.

The funeral will take place from the residence, No. 90 Pike street, Allegheny, THIS (Thursday) MORNING at 9½ o'clock. Friends of the family are respectfully invited to attend.

McCABE—On Tuesday, July 1st, at 6½ o'clock, P. M., WM. McCABE.

The funeral will take place from the residence of his mother, corner of Webster avenue and Kirkpatrick street, Thirteenth ward, TO-DAY (Thursday), the 3d inst., at 2 o'clock, P. M. The friends of the family are respectfully invited to attend.

NEW ADVERTISEMENTS.

AN ORDINANCE—Authorizing the construction of a sewer on properties of P. McQuillan and John Griffin, from Colwell street to Fifth avenue.

SECTION 1. Be it ordained and enacted by the city of Pittsburgh, in Select and Common Councils assembled, and it is hereby ordained and enacted by the authority of the same, That the City Engineer be and he is hereby authorized and directed to advertise for proposals for the construction of a brick sewer, three feet in diameter, across the properties of Patrick McQuillan and John Griffin, from Colwell street to connect with a sewer already made, connecting with Fifth avenue sewer, and to let the same in the manner directed by an Act concerning Streets, approved January 6, 1864, and the several supplements thereto, and Ordinances of Councils relative to the same, the cost and expense of the same to be assessed and collected in accordance with the provisions of an Act of Assembly entitled "An Act concerning streets and sewers in the city of Pittsburgh," approved January 6, 1864, and the several supplements thereto.

SEC. 2. That any Ordinance or part of Ordinance conflicting with the passage of this Ordinance at the present time, be and the same is hereby repealed so far as the same affects this Ordinance.

AN ORDINANCE—To amend an ordinance establishing the Grade of Fifth avenue, from Jumonville street to Penn avenue.

SECTION 1. Be it ordained and enacted by the City of Pittsburgh, in Select and Common Councils assembled, and it is hereby ordained and enacted by the authority of the same, That the ordinance establishing the grade of Fifth avenue, from Jumonville street to Penn avenue, passed the 24th day of February, A. D. 1873, be and the same is hereby amended so as to read as follows, to wit: Beginning at Jumonville street at an elevation 125.28 feet, thence to west curb of Madison street at a uniform fall of 3.854 feet per 100 feet; thence to a point 192 feet east of east curb of said Madison street at a fall of 1.0 foot per 100 feet; thence rising 3.854 feet per 100 feet to first angle west of and about 356 feet from the centre line of Craft avenue; thence rising 3.421 feet per 100 feet to a point 255.99 feet east of first angle east of Craft avenue; thence by a vertical curve to a point 216 feet east of the last mentioned point; thence falling 2.50 feet per 100 feet to east curb of Halket street; thence rising 1.0 foot per 100 feet to a point 300 feet east of east curb of Halket street; thence falling 1.0 foot per 100 feet to west curb of Ward street; thence rising 1.0 foot per 100 feet to east curb of Atwood street; thence falling 1.541 feet per 100 feet to west curb of St. Pierre street; thence falling 2.267 feet per 100 feet to east curb of St. Pierre street; thence rising 1.0 foot per 100 feet to west curb of Dithridge street; thence falling 1.587 feet per 100 feet to a point 534 feet east of east curb of Neville street; thence rising 2.164 feet per 100 feet to east curb of Amberson avenue; thence rising 1.272 feet per 100 feet to west curb of Pitcairn street; thence rising 0.75 foot per 100 feet to a point 235.38 feet east of east curb of Pitcairn street; thence falling 0.75 foot per 100 feet to the west curb of a street west of and 288 feet from Aikens avenue; thence level to the east curb of the last mentioned street; thence rising 0.75 foot per 100 feet to a point west of and 129 feet from Aikens avenue; thence falling 0.75 foot per 100 feet to the east curb of Aikens avenue; thence rising 0.91 foot per 100 feet to a point 258 feet east of Aikens avenue; thence falling 1.0 foot per 100 feet to the west curb of Roup street; thence level to the east curb of Roup street; thence rising 1.5379 feet per 100 feet to west curb of O'Hara street; thence level to the east curb of O'Hara street; thence falling 1.6 feet per 100 feet to east curb of McFarland street; thence rising 2.3597 feet per 100 feet to east curb of Hiland avenue; thence rising 1.693 feet per 100 feet to east curb of Evans avenue; thence rising 1.618 feet per 100 feet to west curb of Shady Lane; thence level to east curb of Shady Lane; thence falling 1.5 feet per 100 feet to west curb of Denniston avenue; thence level to east curb of Denniston avenue; thence rising 1.5 feet per 100 feet to a point 300 feet east of Denniston avenue; thence falling 1.886 feet per 100 feet to the east curb of a street between the properties of Kerr and Holmes, and about 931.46 feet east of the last mentioned point; thence rising 3.0 feet per 100 feet to a point about 500 feet east of the last mentioned point; thence falling 1.0 foot per 100 feet to the west curb of Penn avenue.

SEC 2. That any ordinance or part of ordinance conflicting with the provisions of this ordinance, be and the same is hereby repealed so far as the same affects this ordinance.

AN ORDINANCE—Authorizing the re-location of the centre line of Fifth avenue, from angle west of Shady lane to angle at O'Hara street.

WHEREAS, It appears that through a misapprehension of the location of the property line on south side of Fifth avenue, there was one and one-half feet more taken off the south side than there was off the north side in the location of Fifth avenue.

SECTION 1. Be it ordained and enacted by the City of Pittsburgh, in Select and Common Councils assembled, and it is hereby ordained and enacted by the authority of the same, That the City Engineer be and he is hereby authorized and directed to re-locate the centre line of Fifth avenue, from the angle west of Shady lane to the angle at O'Hara street, one and one-half feet (1½) northwardly from its present location, and make such correction as may be necessary to prevent any offset being made in the line of said avenue, by such change.

SEC. 2. That any Ordinance or part of Ordinance conflicting with the provisions of this Ordinance, is hereby repealed so far as the same affects this Ordinance.

AN ORDINANCE—Authorizing the opening of College avenue, from Fifth avenue to Ellsworth avenue.

SECTION 1. Be it ordained and enacted by the city of Pittsburgh, in Select and Common Councils assembled, and it is hereby ordained and enacted by authority of the same, that the City Engineer be, and is hereby authorized and directed to survey and open College avenue, from Fifth avenue to Ellsworth avenue.

The damages caused thereby and the benefits to pay the same to be assessed and collected in accordance with the provisions of an act of Assembly entitled "An Act concerning Streets and Sewers in the City of Pittsburgh," approved January 6th, 1864, and the several supplements thereto.

SEC. 2. That any Ordinance, or part of Ordinance, conflicting with the passage of this Ordinance at the present time, be, and the same is hereby repealed, so far as the same affects this Ordinance.

AN ORDINANCE—Authorizing the construction of a Sewer on Butler street, from Penn avenue to Thirty-fifth street.

SECTION 1. Be it ordained and enacted by the City of Pittsburgh, in Select and Common Councils assembled, and it is hereby ordained and enacted by the authority of the same, That the City Engineer be and is hereby authorized and directed to advertise for Proposals for the construction of a twenty inch pipe sewer on the south side of Butler street from Thirty-fifth street to connect with the Sewer now being constructed on Penn avenue, from Thirty third street to intersection of Penn avenue and Butler street, and to let the same in the manner directed by an Act concerning Streets, approved January 6th, 1864, and the several supplements thereto; and Ordinances of Council relative to the same.

The Cost and Expense of the same to be assessed and collected in accordance with the provisions of an Act of Assembly, entitled "An Act concerning Streets and Sewers in the City of Pittsburgh," approved January 6th, 1864, and the several supplements thereto.

SEC. 2. That any Ordinance or part of Ordinance, conflicting with the passage of this Ordinance at the present time be and the same is hereby repealed, so far as the same affects this Ordinance.

AN ORDINANCE—Authorizing the grading, paving and curbing of Boston street, from Fifth avenue to Beelen Street.

WHEREAS, It appears that a majority in interest has petitioned for the grading, paving, and curbing of Boston street, from Fifth avenue to Beelen street, therefore,

SECTION 1. Be it ordained and enacted by the City of Pittsburgh, in Select and Common Councils assembled, and it is hereby ordained and enacted by authority of the same, That the City Engineer be and is hereby authorized and directed to advertise for proposals for the grading, paving and curbing of Boston street, from Fifth avenue to Beelen street; and to let the same in the manner directed by an Act concerning Streets, approved January 6th, 1864, and the several supplements thereto, and Ordinances of Councils relative to the same.

SECTION 2. That any Ordinance, or part of Ordinance, conflicting with the passage of this Ordinance at the present time, be and the same is hereby repealed, so far as the same affects this Ordinance.

AN ORDINANCE—Authorizing the opening and widening of Ellsworth avenue, from Neville street to Aiken avenue.

WHEREAS, It appears that a majority in interest has petitioned for the opening and widening of Ellsworth avenue, from Neville street to Aiken avenue, therefore,

SECTION 1. Be it ordained and enacted by the City of Pittsburgh, in Select and Common Councils assembled, and it is hereby ordained and enacted by authority of the same, That the City Engineer be and he is hereby authorized and directed to survey and open and widen Ellsworth avenue, from Neville street to Aiken avenue, to a width of sixty (60) feet. The damages caused thereby and the benefits to pay the same to be assessed and collected in accordance with the provisions of an Act of Assembly entitled "An Act concerning Streets and Sewers in the City of Pittsburgh," approved January 6th, 1864, and the several supplements thereto.

SECTION 2. That any Ordinance, or part of Ordinance, conflicting with the passage of this Ordinance at the present time, be and the same is hereby repealed, so far as the same affects this Ordinance.

AN ORDINANCE.—Authorizing the grading, paving and curbing of Beelen street from Boston street to Mohawk street.

WHEREAS, It appears that a majority in interest has petitioned for the grading, paving, and curbing of Beelen street, from Boston street to Mohawk street, therefore,

SECTION 1. Be it ordained and enacted by the city of Pittsburgh, in Select and Common Councils assembled, and it is hereby ordained and enacted by authority of the same, That the City Engineer be and he is hereby authorized and directed to advertise for proposals for the grading, paving, and curbing of Beelen street, from Boston street to Mohawk street; and to let the same in the manner directed by an Act concerning streets, approved January 6th, 1864, and the several supplements thereto, and ordinances of Councils relative to the same.

SEC. 2. That any ordinance, or part of ordinance, conflicting with the passage of this ordinance at the present time, be and the same is hereby repealed, so far as the same affects this ordinance.

AN ORDINANCE—Authorizing the construction of a sewer on Ferry street and Fourth avenue, from Third avenue to connect with sewer on Liberty street.

SECTION 1. Be it ordained and enacted by the city of Pittsburgh, in Select and Common Councils assembled, and it is hereby ordained and enacted by the authority of the same, that the City Engineer be and is hereby authorized and directed to advertise for proposals for the construction of a twenty-inch pipe sewer on Ferry street from Third avenue to Fourth avenue, and a three feet brick sewer on Fourth avenue from Ferry street to connect with the sewer on Liberty street; and to let the same in the manner directed by an act concerning streets, approved January 6, 1864, and the several supplements thereto, and ordinances of Council relative to the same.

The cost and expense of the same to be assessed and collected in accordance with the provisions of an Act of Assembly, entitled "An Act concerning streets and sewers in the City of Pittsburgh," approved January 6, 1864, and the several supplements thereto.

SEC. 2. That any ordinance or part of ordinance, conflicting with the passage of this ordinance at the present time, be and the same is hereby repealed, so far as the same affects this ordinance.

AUCTION SALES.

AT AUCTION.
Valuable Property.
TWO LARGE LOTS
On Fifth Avenue,
ADJOINING THE
EXCHANGE NATIONAL BANK,
AND
ONE LOT
On Diamond Alley.
On the premises, on Monday, July 7th, at 2 o'clock, P. M., will be offered at auction one Lot having a front of 22 feet on Fifth avenue and 120 feet deep, and back end of lot 36 feet wide; and one lot having a front of 29 feet on Fifth avenue, and extending back 120 feet, with an L 30 feet deep and fronting 20 feet on Sturgeon alley.
The lot on Diamond alley is 23 feet front and 80 feet deep, with a T fronting 40 feet on Sturgeon alley, and extending back from the alley 99 feet.
The central location of this property, on the most important avenue in the city, and in the best location on the avenue, presents an opportunity for obtaining a valuable property that is but seldom offered.
Terms easy and will be made known on day of sale.
Plans can be obtained at office of
C. H. LOVE,
Real Estate Broker, 121 Fourth avenue.
R. W. M'CONNELL, Auctioneer. jy1:q51

SOUTH SIDE
Dwelling Houses for Sale.
On Saturday, July 5th, at 3 O'Clock P. M.,
We will offer at public auction on the premises, the following desirable property:
Four Brick Dwelling Houses,
Containing five rooms and cellars, Nos. 318, 320, 322 and 324 Bingham street,
Three Frame Dwelling Houses,
Containing five rooms and cellars, situate immediately in rear of above, and fronting on Chestnut alley.
One lot on Chestnut street, adjoining above frame house, on which is erected a stone cellar foundation.
The property has a frontage on Bingham street of 63 feet, and, preserving the same width, extends back 100 feet to Chestnut street. The houses are in good condition, roofs newly shingled; are supplied with hydrant water, and now tenanted and yielding a good rental. The property is situated in the heart of the South Side manufacturing district, about three blocks above the Smithfield street bridge, in Thirtieth ward, Pittsburgh, formerly South Pittsburgh.
TERMS:—One-third of purchase money down, balance in equal payments, one, two and three years, with interest, and secured by bond and mortgage.
ROBT. J. ANDERSON,
JNO. J. SPEARMAN,
H. W. OLIVER, Jr.,
Trustees of Jas. T. and Chas. A. Wood.
C. H. LOVE,
Real Estate Broker, 121 Fourth avenue.
R. W. McCONNELL, Auctioneer. je27:q25

ADMINISTRATORS' SALE ON TUESDAY EVENING, July 1, 1873, at 7½ o'clock, at Sales Room of Alex. McIlwaine, No. 106 Smithfield street, all the right, title, interest, etc., of PHIL. R. MERTZ, dec'd., of in account to a certain lease-hold situate on Penn street, beginning 22 feet 8½ inches from corner of Penn and Thirty-second streets, towards Thirty-third street 156 feet, and having a depth of 130 feet to Mulberry alley. Lease 13 years to run. Rent $224 per annum. Being the same sold and transferred by Thomas Merkle to said Mertz in his lifetime.

FOR SALE—REAL ESTATE.

THIRTEENTH WARD
Lots for Sale Cheap.
19 LOTS
24x100 feet, about two minutes' walk from Central Car-station, Thirteenth ward. These Lots are in an eligible, healthy location and good neighborhood, near church and schools, and very desirable for dwellings. To persons of moderate means, or for an investment, they are the most desirable Lots in the market, being easy of access and but a short distance from the large manufacturing establishments of the city, and still away from the smoke and dirt of the city. Will be sold lower than any lots now in the market.
Apply to
HERRON & BATES
83 WOOD STREET, or to
J. H. HILLERMAN & CO.,
77 FOURTH AVENUE,

FOR SALE.
100 Quarter and Half-Acre
LOTS,
ALSO, THE
FARM HOUSE AND BARN,
With 1½ acres of ground and about 400 bearing Fruit Trees; also a Farm of 125 acres, adjoining the above Lots, with about twelve acres of Coal. All of the above within from five to ten minutes' walk from Walls Station, P. R. R. This property will be sold on easy terms. Plans can be seen at my office. This property offers better inducements for speculation than any property offered on the P. R. R. on account of its close proximity to the contemplated improvements of the P. R. R. Co. Inquire of
JOHN GRAZIER,
112 Smithfield street, above Murdoch's Seed Store.

NO BRASS BAND—NO FREE LUNCH. But if you want a nice quarter acre corner lot (80 by 141 feet) with a good spring, in the borough of Bellevue, five minutes walk from Neville Station, and at a reasonable price, call soon on J. R. HARBISON, at Barton's office, corner of Grant street and Fifth avenue, Pittsburgh, or on G. C. CAROTHERS, 19 Boyle street, Allegheny. je12-TTHS
